**GIRL TELLS JURORS OF DEATHNIGHT**

**9-Year-Old Daughter of Masters Testifies That She Saw Father With Bar Scraping Blood Clots From Pillow**

**Grand Jury Begins Investigation Into Slaying at Santa Cruz: Police Quit Hunt for Alleged Burglar Duo**

BY JOHN TIEDEMAN  
 Staff Correspondent of The TRIBUNE.

SANTA CRUZ, March 2.—Little Helen Masters, on the witness stand late today, in the grand jury investigation of her mother's murder, began the narration of a story which may send her father, John R. Masters, to the gallows.

Before the probe is completed, according to the police, the 9-year-old child will testify that on the night her mother was fatally attacked with a small steel bar, she saw what appeared to be her father in the hands of her father, and that he was scraping blood from the pillow with it.

This story, the first direct information the police have obtained connecting the weapon with Masters, was secured from the little girl carefully questioned at the detention home by District Attorney S. C. Smith, police Commissioner Fred C. Roys and Police Chief Hanna. It is the story she will tell from the witness stand, and upon the testimony she gives in the gruesome probe, police say, will rest the state's case, and the possibility of securing a first degree murder indictment against the accused man.

Helen was placed on the witness stand shortly after the county grand jury convened to consider the evidence in the murder case, at 2 o'clock today. The corridors of the building, in which the investigation is being conducted, were crowded with men and women.

**SAW FATHER SCRAPE BLOOD FROM PILLOW**

After they had succeeded yesterday in drawing from the child, for the first time, her real knowledge of the crime, the authorities got her to give a careful description of the implement she says she saw in the hands of her father when she entered the bedroom of the Masters' home after hearing her mother's screams.

**POLICE THEORIES AGAINST MASTERS**

It is the contention of the police that when little Helen entered the bedroom of her parents on the night of February 22, she interrupted her father, a prominent Santa Cruz realty broker, in the very act of beating her mother with the bar. They are fully convinced that when her story is fully developed before the grand jury today, the defense of Masters will fall to the ground and that an indictment will result.

Police have abandoned search for alleged burglars whom, Masters asserted, attacked and fatally injured his wife.

Another important witness besides Masters' daughter, before the grand jury will be young Charles Field, whose home is directly opposite the house in which the murder took place.

 LEASED WIRE TO TRIBUNE.  
 PALATKA, Fla., March 2.—Eleven members of a mob were captured today and lodged in the Alachua county jail after being repulsed by Sheriff Hagan when they attempted to storm the Putnam county jail here and get a negro prisoner.

More than fifty shots were fired by the mob into the jail, one striking Sheriff Hagan in the hand. The sheriff slammed the jail door in the face of the crowd, which retreated after shooting through the doors and windows. A fifty-foot rope was left behind.

The crowd reached Palatka from Gainesville shortly after midnight and authorities said they did not think it was composed of more than fifteen men. They went to the Putnam county jail, where Lige Lawrence, a negro, was held for safe keeping. Lawrence was brought here after Crawford Smith, a white man, had been shot and killed in Lawrence's place of business at Gainesville. It was alleged that Ed Lawrence, a brother of the man in jail here, did the shooting.

**Three Killed By Reckless Driver Who Speeds Away**

PHILADELPHIA, March 2.—Two women and a man were killed early today when an automobile, traveling at a high rate of speed, crashed into them as they were alighting from a trolley car in West Philadelphia. The driver of the machine did not slacken his speed, but rushed away as his victims were hurled 50 feet.

Later, Henry G. Brock, banker, clubman and member of a widely known Philadelphia family, was found four blocks from the killing standing beside a blood-spattered motor car, wrecked against a pole. He was arrested.

A fur necktie worn by one of the men was found wedged between the mud guard and the radiator of the car. A barrette was embedded in the radiator. The dead were Mrs. Ellen O'Donnell, 65; Leo O'Donnell, 29, her son, and Miss Mary Murphy, 15, a friend of the O'Donnell family. The three were returning home from a birthday party for Mrs. O'Donnell's daughter, Mrs. Clara Hart. Mrs. O'Donnell was a widow and the mother of eight children. Miss Murphy was a high school senior.

Brock was taken to a police station and a police surgeon, who, after an examination, reported that while Brock was undoubtedly under the influence of liquor, he was fully capable of driving an automobile. A charge of reckless driving was lodged against him.

**Lecturer, "Master Mind of Psychology," to Face Joint Action of State Medical Board, Business Bureau**

**Defendant Haled Before S. F. Police Court, Hearing Continued Until March 6; Activities Fully Probed**

Prosecution of "Dr." Orlando Edgar Miller on the charge of violating the State Medical Practice Act will be conducted jointly by the State Medical Board and the Better Business Bureau of the San Francisco Advertising Club, it was announced today at Miller's hearing before Police Judge Sylvester McAtee in San Francisco. The hearing was continued until March 6. Miller, who calls himself "the master mind of psychology," and who is well known in the Eastbay as a lecturer, is accused of having advertised himself as a medical practitioner, without having obtained the required license from the State Medical Board. He was arrested last night.

**CAREER EXTENDS OVER 30 YEARS**

Elliott Epstein, attorney for the Better Business Bureau, announced at the conclusion of Miller's appearance in court today that the decision of his organization to join forces with the State Medical Board in the prosecution of Miller had been reached as the result of an investigation which it has conducted into the psychologist's activities in San Francisco and other cities.

Miller's career, extending over a period of nearly thirty years, and embracing two continents, was being carefully pieced together today by officials of the Better Business Bureau, with the aid of police records of leading cities in America and Europe, published reports of the American Medical Association, leading British periodicals, and the reports of Better Business Bureaus in other cities.

**TWO PRISON TERMS BARRED**

The data gathered thus far, it was declared today by Bureau officials, indicates that within the past 27 years Miller has served two prison sentences—one in Leavenworth Federal prison for alleged bank-robbing, and one in an English prison on a charge of manslaughter in connection with the death of a young girl. In a statement issued today, in which he declared he was a victim of persecution by the American Medical Association, Miller explained that his incarceration in Leavenworth was for his refusal to put up a bond, and that the manslaughter charge in England was directed against him by the American Medical Association, working through the British Medical Association.

Miller's activities, it was asserted today by officials of the Better Business Bureau, have included the operation of a "dope" cure sanitarium in Denver and another in Chicago, the conducting of a rupture cure in Denver in which he claimed to have made \$20,000, conviction in Denver in 1896 for bank robbing, for which he served two years in Leavenworth Federal prison, the promulgation of a "modified sand" cure for dyspepsia in Chicago in 1898, the operation, also in Chicago, of a sanitarium for consumptives, in which 80 per cent of the patients are alleged to have died, operation of a medical university and sanitarium in a suburb of Chicago, which was broken up when Miller was fined \$100 and ordered out of town, operation of a tuberculosis sanitarium in London, England, under the patronage of the Duke of Manchester, conviction in London for manslaughter in connection with the death of a young girl, an experience in Seattle in which two warrants were issued against him for slander, and a lecture visit to Portland, which ended abruptly after threats had been made by the mayor of that city to expose him.

Miller's lecture tours, in which he called himself "the master mind of psychology," brought him to Oakland and the Eastbay about a year and a half ago, where he drew packed houses at the Auditorium, and is said to have collected many thousands of dollars in admissions and in fees for classes which he started.

His varied career has also included a strongly emphasized "religious" side, according to the bureau investigators. At various times (Continued on Page 2, Col. 1)

**Senate Committee Reaffirms Decision Not to Act on the Membership in League's Proposed World Tribunal**

BY ASSOCIATED PRESS  
 LEASED WIRE TO TRIBUNE.  
 WASHINGTON, March 2.—The decision not to act at this session of Congress on President Harding's proposal for American membership in the international court of justice was reaffirmed by the Senate foreign relations committee today, after it had received a further explanation of the administration's purposes from President Harding and Secretary Hughes.

By GEORGE R. HOLMES,  
 International News Service Staff Correspondent.  
 WASHINGTON, March 2.—President Harding today complied with the Senate's request for more information concerning the administration's plans for entering the permanent court of international justice at The Hague, set up under the League of Nations.

He informed the Senate that the United States has no intention of entering the court on a basis of "compulsory arbitration" of all international disputes; that he contemplated no negotiations with other powers in this regard, and that American adherence will not obligate the United States under the Treaty of Versailles.

The President's notification to the Senate was contained in a brief letter to Senator Lodge (Rep.) of Massachusetts, transmitting a long communication which Secretary Hughes had addressed to the President himself. Harding merely transmitted the Hughes letter, in which the Secretary of State took up in detail the questions propounded by the foreign relations committee at its session on Tuesday.

"My dear Senator Lodge: On Wednesday you sent to me a request of the foreign relations committee for information relative to the proposal that we adhere to the protocol establishing an international court of justice at The Hague. I immediately submitted inquiries of your committee to the secretary of state for detailed reply. I am pleased to transmit to you herewith a letter from the secretary of state covering the various questions raised in the committee's resolution of inquiry. I need not add that the reply of the secretary of state has my most hearty approval."

**NEGATIVE ANSWER IS MADE TO QUERY**

The Senate's first query asked whether he (the President) favors an agreement obligating all powers who are signers of the "protocol" creating the court to submit all questions to it. To this query Secretary Hughes replied: "I understand the question is not intended to elicit your personal opinion or whether you would look with an approving eye upon an engagement of some sort made effective by action of all the powers, but whether you as President, in the exercise of your constitutional authority to negotiate treaties, favor the undertaking to negotiate a treaty on the part of the United States with other powers creating such obligatory jurisdiction. The question understood, I think, the question must be answered in the negative."

Hughes reviewed the history of efforts by previous administrations to bring back to Congress a time to provide compulsory arbitration of international disputes and pointed out that the Senate invariably had rejected such attempts to bind the United States.

**SENATE'S ATTITUDE IS CLEARLY DEFINED**

"The Senate has no clearly defined attitude in opposition to such arrangements," continued Hughes, "that until there is ground for believing this attitude has been changed, it will be entirely futile for the executive to negotiate a treaty of the sort described."

"If the President favors such an agreement, does he deem it advisable to communicate with the other powers, to ascertain whether they would be willing to obligate themselves as aforesaid." To this, Hughes replied that his negative answer to the first question also answered the second, and continued: "I understand that of the 45 States which have signed the protocol for the establishment of the court, about fifteen have ratified this optional clause (compulsory arbitration clause), but among the States which have not yet assented to it are the United States, France, Italy."

It was because these great powers have not adopted the compulsory agreement, Hughes said, that he recommended in his letter last Saturday that the United States also join the court without requiring compulsory arbitration.

**Charlie Chaplin, Pola Negri to Speed Wedding as Result of Lovers Quarrel**

**Comedian's Home Is Being Prepared for Bride.**

**"Too Poor" Interview Breaks Romance Forever (6 hrs.)**

BY UNITED PRESS  
 LEASED WIRE TO TRIBUNE.

LOS ANGELES, March 2.—As a result of the "grand opera" quarrel between Charlie Chaplin, king of comedy, and Pola Negri, queen of tragedy, starting with the heavy booming of "Goodbye for ever," and ending with soft strains of "Love Me Forever," the marriage of the two famous stars will be speeded up, and is now scheduled to take place in the near future, it was learned today.

Anxious to avert any more such scenes before the knot is tied, Charlie today sent an extra crew of carpenters and woodworkers to his beautiful new home in Beverly Hills, with instructions to push the work to completion as rapidly as possible.

Until yesterday's blow up, after Charlie jokingly said he was "too poor to marry" and Pola came back declaring she was "too poor to marry" him, the date of the wedding had been set in a dim and indefinite future.

**WEDDING TO TAKE PLACE AS SOON AS HOUSE READY**

Now, however, it is understood that the marriage is to take place at the first opportunity after Charlie's house, replete with alterations demanded by Pola, is ready to move into. This is said to have been settled last night before Pola agreed to take back the beautiful diamond ring which she had sent back to Charlie earlier in the afternoon by special messenger.

Poverty seemed very much in the background today, but perhaps that was because of the million dollars' worth of publicity which they received overnight.

The romance of Charlie and Pola, broken last night, was mended after six or seven hectic hours. They are engaged again today following the breaking of their recently announced engagement by Pola late yesterday when she read a report quoting Chaplin as saying that he was "too poor to marry just now."

On learning the news last night, Chaplin rushed to Pola's beautiful home on Hollywood boulevard and staged a dramatic scene.

Facing the floor, he begged and pleaded with the beautiful Pola to reconsider her decision, according to reports, and demanded a reason for her tempestuous termination of their engagement.

**FEMININE HYSTERICS AND MALE HYSTERICS**

Pola is said to have listened to him haughtily and to have pointed to his announcement that he was "too poor to marry" and that his marriage to her would be definitely postponed.

This, she is said to have told him, she interpreted as a direct insult indicating that he did not wish to conclude their marriage, but desired to be free again.

The comedy king is said to have declared that this was not the case; that the remark was not to be so interpreted and that he only made it in light vein to a newspaperman. The scene ended, according to reports, with Pola retiring to the second floor in hysterics and Chaplin remaining on the other in a state declared to be "man-hysterics."

At midnight, lights in the house were still burning brightly. A question to a maid elicited the response that Miss Negri could not be seen—that she was indisposed. Chaplin, she was positive, had gone home. But a large limousine was found at the front of the house which resembled greatly the machine which Charlie drives about Hollywood.

When the reporters insisted on some word, the maid retired and later brought back the information that Miss Negri was too indisposed to be seen; but that there had been a reconciliation.

BERLIN, March 2.—(By International News Service.)—The Reichstag today approved the 50,000,000 gold loan for stabilizing the mark.

ESSEN, March 2.—(By the Associated Press.)—The town of Bochum has been fined 35,000,000 marks because two news dealers were beaten by Germans for selling French newspapers.

The town of Kottwig, near Essen, where military telephone wires cut, has been fined 1,000,000 marks. These fines are in accordance with an order by General Degoutie, French commander, that cities and towns throughout the Ruhr valley shall be held responsible for sabotage or other acts of disorder designed to hinder the French and Belgian armies of occupation.

German officials of such towns will be liable to arrest and trial by court martial in serious cases.

**FRENCH TROOPS SEIZE AMOUNT OF FINE**

The Bochum fine was collected quickly. French troops swooped down upon the Rathaus, took the amount and left.

In Dusseldorf, Herr Wenzel, assistant director of posts and telegraphs, has been sentenced to six months' imprisonment. He is charged with being implicated in sabotage on the military telephone apparatus.

It is reported that Lord Mayor Haverstain of Odenhausen and Vice Lord Mayor Schaeffer of Essen, who were recently given prison sentences of two years, have been jailed successively at Dusseldorf and Mayence.

**BILLION MARKS LOSS CAUSED BY PLUNDERERS**

BERLIN, March 2.—(By the Associated Press.)—The damage done in the recent plundering of the Bochum chamber of commerce amounted to more than one billion marks, the Tugendhat estimates.

Forty-two cases of robbery by French soldiers in Bochum had been reported to the German authorities up to yesterday, it was stated.

**BOYCOTT AGAINST ENGLAND FOILED**

DUSSELDORF, March 2.—(United Press.)—The struggle of wills in the Ruhr centered today on the issue of taxation.

Following announcement of the German government that all goods upon which taxes had been paid to the French and Belgians would be confiscated by the civil authorities, General De Goutie declared collections would be made on all wines, tobaccos and cigarettes sold in the occupied area. Hotels and citizens who pay these taxes, in defiance of their government's orders, will be given protection by the armies of occupation.

The shopkeeper must decide whether, when he makes a sale, he prefers to pay to forty per cent to the French and Belgians and take the risk of having the goods confiscated by Germany, or whether he chooses to refuse payment to the invaders and have them confiscate the goods.

Talk of 15 Cents for Cuba  
Refined in East Causes  
Senate Probe.

Refined cane sugar took another step up today, advancing from \$2.50 per 100 pounds to \$2.55; wholesale, according to a quotation by the Western Sugar Refinery. The California and Hawaiian Sugar Refining Corporation hung up a rate of \$2.50. Both refineries announced that the new rate is effective tomorrow morning. The price of beet at the same time advanced to \$2.35, according to quotations by the Spreckels Sugar company.

The new rate is a jump of \$2.50 per 100 pounds in just five weeks. There is no assurance that the top has been reached. In fact, the east refiners tacitly admitted today that \$10 sugar might come along within a day or so, while in the East there was talk of \$15 for refined Cuban cane stuff.

**SENATE QUIZ PROPOSED.**  
WASHINGTON, March 2.—Immediate congressional investigation of the alleged sugar "shortage" and the recent sudden rise in sugar prices was demanded in a resolution introduced today by Senator Brookhart, Iowa. The investigation would proceed while Congress is not in session, under the terms of Brookhart's resolution.

The Brookhart resolution, after declaring that the price of sugar had been advancing rapidly for 80 days, said that "propaganda is being broadcast through the public press that a sugar shortage is at hand and that the sugar manipulators are reaping a harvest from the consuming public."

"The Iowa senator, in proposing the investigation, did not refer to the statement of the subject issued from the department of commerce just before the price advance began, but presented a letter from Secretary Hoover which said:

"A world survey made by the department of commerce shows that the stocks of sugar on hand from last year, plus production of this year, were estimated at a total of 19,711,000 tons, whereas the consumption for the year was estimated at 19,035,000 tons, leaving a probable surplus at the end of the year of 676,000 tons."

**NO SUGAR SHORTAGE.**  
"Some misconception has arisen because the estimated surplus at the end of the year showed a decrease from the abnormal stocks at the beginning of the year. There is obviously no shortage of sugar, and moreover an undue increase in price will decrease consumption," the letter advised housewives to reduce their consumption of sugar, saying this "would materially break down the manipulation of the sugar market by those who seemed to have a corner on the supply at this time."

The sugar price situation also was brought before the senate today by Senator Walsh, Democrat, Massachusetts, who called attention to the fact that sugar prices today were higher than the average for many years. He presented a communication from the United States Sugar Association, discussing the effect of the Fordney-McCumber tariff act, and saying that when the act went into effect refined sugar was quoted at 6.25 cents a pound, whereas it now is selling at 9 cents.

**SMOOTH DENIES STATEMENTS.**  
Presentation of the letter led Senator Smoot, republican, Utah, to say that before congress adjourned he desired to answer not only the letter, but "circulares that have been sent out by the refiners of the country which are filled with lies."

Senator Walsh replied that he assumed that Senator Smoot "would say it was all a lie."

Senator Smoot also denied that the new tariff act had had anything to do with the increase in sugar prices and said that "the refiners who control the crop of sugar in Cuba have put the price up from \$1.87 per hundred to over \$4.75 per hundred for 96 per cent sugar."

## Molla Mallory Wins On Cabman's Tip

MONTE CARLO, March 2.—When Mrs. Molla Bjurstedt Mallory was drenched by the breaking of the umbrella covering an antiquated cab in which she was riding, the apologetic driver gave her a number at the Casino and told her to "play" it straight. The number won her 10,500 francs.

## Allies Must Meet Turk Terms: Russia

Press.—Only by accepting Turkey's economic and financial demands can the allies have peace in the Near East. Mustafa Kemal declared in a speech to the national assembly today. The assembly has indicated its willingness to accept the Lausanne treaty with certain very definite reservations regarding the financial and economic clauses.

### Spring Dresses

\$25 \$25

Both afternoon and tailored frocks unanimously accept the gracefully draped silhouette of Grecian trend or the bouffant skirt and basque waist. Simplicity is the keynote in the one, frilliness in the other. Flowing sleeves, uneven hemlines, intricate draperies, bertha collars, and lowered waistlines are among the new modes. The materials are varied; also the colors, but both harmonize with everything that is in tune with Spring.

## COMMITTEE WILL DISTRICT CITY IN CHEST CAMPAIGN

Chairman Ewing Announces  
Drive Will Run From  
April 18 to 27.

Oakland's Community Chest campaign will start April 18 and continue to Friday, April 27, according to announcements made yesterday by J. Cal Ewing, chairman of the campaign committee. During that period the entire city will be canvassed, under the direction of the district and quota committees. This committee is composed of Oliver Kehrlin, chairman; County Assessor Lou Kennedy and Postmaster Joseph J. Roseborough.

It is the plan of the committee to district the city and each district will be made responsible for a quota.

**AWAIT QUOTA DATA.**  
"Until the auditing committee fixes the amount of money which will be necessary to carry on the work of the various charitable and philanthropic agencies in the city it will of course be impossible for us to announce quotas," explained Kehrlin yesterday. "There are some forty or more different organizations handling the welfare and charitable work in the city."

"At present the auditing committee is at work on a survey which will indicate the work accomplished by each organization. When this is completed it will be possible to eliminate any duplication of effort that may exist. The committee then, after a consideration of the work which has been accomplished and the work which is to be accomplished, will arrange a budget for the purpose of providing the finances. The amount of this budget will be apportioned among the various districts."

**FINANCES ALL CHARITIES.**  
Under the Community Chest plan, this one campaign will furnish the money through which all of the welfare and charitable work will be financed for the year. It thus becomes a matter of one appeal, once a year, for charity and will eliminate the drives and tag days of the past.

Campaign Director Lynne Mowat yesterday announced that his office had been organized and that work on the mailing list and preliminary literature was under way. Attention is called by Miss Annie Florence Brown to the contest for a poster and a slogan. This contest will close on March 13. Contributions should be sent to the Community Chest headquarters, 1751 Franklin street.

**FALSE TEXT BOOKS BARRED.**  
MADISON, Wis., March 2.—The Wisconsin senate has voted that school text books which defame the nation's founders or falsify the facts concerning the revolution or the war of 1812 should be barred from the schools. A State Federation of Labor bill taking away authority to issue injunctions from court commissioners in Wisconsin was unanimously passed by the senate.

## Gen. Montgomery's Sword Is Given To U. S. Museum

WASHINGTON, March 1.—The sword carried by General Richard Montgomery of the army of the American colonies of Great Britain when he was killed in an unsuccessful assault on the French defenses of Quebec, December 31, 1775, was transferred today to the national museum in behalf of its owner, Miss Julia Barton Hunt, whose family owned the Montgomery estate on the Hudson river where the general's widow died.

The weapon was picked up beside Montgomery's body by a Canadian official whose descendants ultimately sold it to the Marquis of Lorne, governor general of Canada in 1878. It was presented to Victor Drummond, charge d'affaires of the British embassy here, and by him to a sister of Miss Julia Hunt, who died before she could carry out her purpose of giving the relic to the government.

## Y.W.C.A. CAKE TO BE LARGEST

The biggest birthday cake ever seen in Oakland will be presented to the largest gathering of diners in the history of the city when 2000 persons sit down at the annual dinner of the Young Women's Christian Association in the arena of the auditorium on Monday evening.

The birthday cake will be baked by the girls of the boarding home and will be five feet in diameter and three "stories" high. It will be brought in by a large group of girls on a specially constructed carrier and will be illuminated with thirty candles in honor of the thirtieth anniversary of the boarding home.

The dinner is in celebration of the boarding home's thirtieth birthday and is also the annual dinner of the Young Women's Christian Association. A feature of the banquet will be the presence of a large number of well-known women who are life members. Among the well-known life members who will be present are Miss Juliette Alexander, Mrs. J. P. Ames, Mrs. Irene Beck, Mrs. Charles Chamberlain, Miss Jennie Clark, Mrs. Homer Craig, Mrs. Gilbert Surtis, Mrs. James de Fremery, Mrs. C. E. Easterbrook, Dr. Susan Fenton, Mrs. Ida Gorell, Mrs. George Hawley, Mrs. F. C. Havens, Mrs. Murray Johnson, Mrs. Joseph R. Knowland, Mrs. L. E. Kelly, Mrs. Warren Olney and Miss Charlotte Plater.

**TO CLIMB GREAT PEAK.**  
EDMONTON, Alberta.—The Alpine club of Canada is gathering geological data preparatory to sending an expedition to climb Logan, 20,000 feet. It would take a mint 32 years to coin silver dollars for every dollar of John D. Rockefeller's wealth.

## PRINCE OF WALES USES U. S. SLANG UPON STUDENTS

British Heir Delights 300  
American Alumni at Big  
Dinner in London.

LONDON, March 2.—(By The Associated Press.)—The Prince of Wales slipped into "Yankee slang" last night, to the great pleasure of 300 American former college students, at the dinner of the American University Union. Speaking of the double benefits of a university education and overseas experiences, he said: "Perhaps I have been more lucky than most of you. I think perhaps I can put one over on many of you by asking you how many of you have visited your own territories of Honolulu and the the Philippines, as I have."

Ambassador Harvey paid tribute to him as "the white prince." Lady Astor said: "The Prince of Wales is one of the best Americans I have ever met. There is no greater link between England and America than His Royal Highness, in fact, no greater link between all countries." Yale and Harvard, Princeton and Columbia men gave their college cheers for the prince, and Dr. Harry A. Garfield, president of Williams College, led fifteen raucous "Nancy."

The Prince of Wales spoke for almost half an hour, mentioning with a reminiscence to his "three delightful weeks in the United States in 1919."

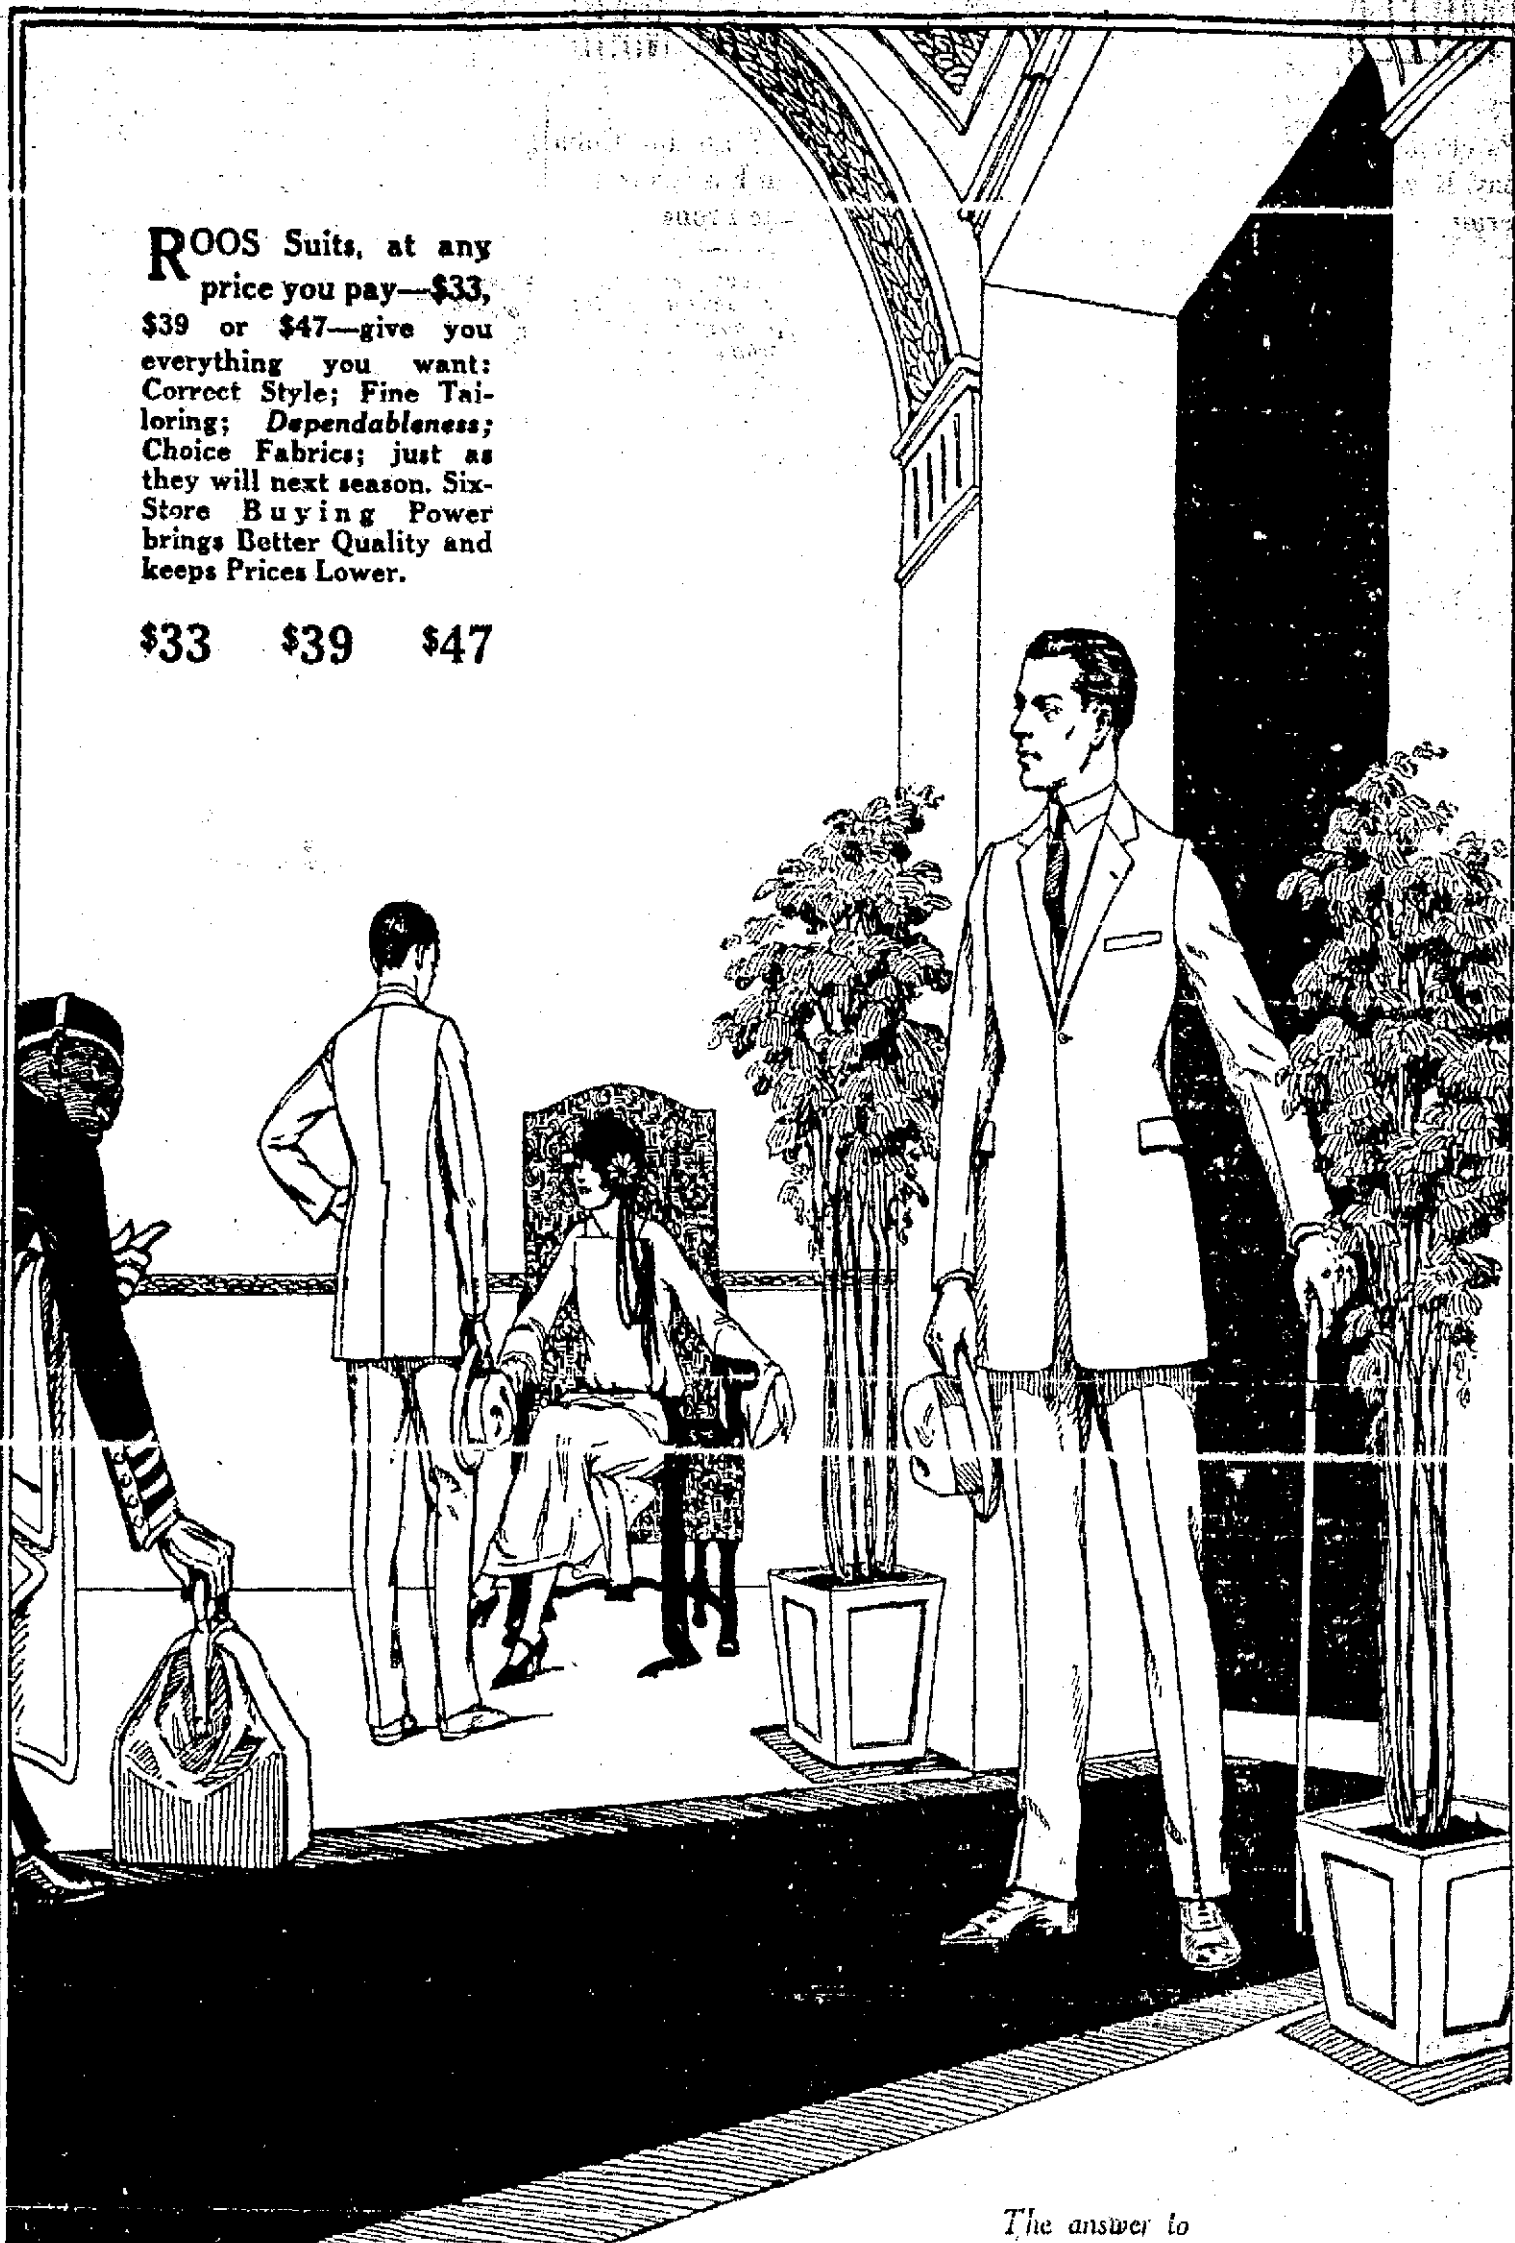

The Nebraska University jazz band enlivened the gathering. Among those who occupied the dais table were the vice chancellors of London and Oxford universities, Dr. Garfield, George E. MacLean, former chancellor of Nebraska University, and Lawrence L. Tweedy, of Princeton, chairman.

## Hetch-Hetchy Work Advertising Barred

SAN FRANCISCO, March 2.—This city cannot legally advertise for bids on the Hetch-Hetchy project, according to an opinion delivered by City Attorney George Lull. The award of a contract to the Union Construction company of Oakland has been held up and a lower bid of the Dyer Brothers of San Francisco has been ruled out by the board of supervisors, because the latter bid contained an interlineated clause that it would begin construction sixty days after it received the steel from the east. Lull said the time clause voided the Dyer bid. Several local firms have asked the board of works to advertise for new bids on the work, which will cost about 60,000.

**U. S. OFFICIAL FOUND DEAD.**  
WASHINGTON, March 2.—Thomas P. Kane, deputy controller of the currency since 1899, was found dead in bed this morning. Death was due to apoplexy. He was 74 years old and born in Delaware.

knowledge of Masters prior to the  
attack on his wife.

The police are convinced that  
they have evolved the correct mo-  
tive that might have actuated Mas-  
ters in an attack on his wife. They  
point to his known lack of ready  
funds in connection with his admit-  
ted intimacy with another woman  
to whom the police believe he has

been giving considerable sums, and  
the fact that not so very long ago  
he had the life of Mrs. Masters in-  
sured for \$5000 much against her  
desire. They also point to a very  
recent automobile accident on the  
Skyline boulevard in which his ma-  
chine rolled 75 feet down an em-  
bankment with his wife inside while  
he stood on the roadway.

CAUSE AGAINST  
MASTERS CIRCUMSTANTIAL.  
Although the case that has been  
built up by the police against Mas-  
ters is a purely circumstantial one,  
District Attorney Smith and the po-  
lice believe the evidence will have  
great weight with the grand jury  
before whom it will be placed im-  
mediately after the new body has  
organized this afternoon. In the  
event of an indictment it is expect-  
ed that Masters will be arraigned  
Saturday and that arrangements  
will then be made for a speedy trial.

Masters, as far as could be  
learned, has not retained counsel.  
It is stated that he will ask Superior  
Judge B. K. Knight to appoint an  
attorney to conduct his defense  
when he is arraigned.

# DISCERNING EYE NEW PROCESS IN COLOR PRINTING

All Tones Imposed With One  
Impression With Tursahr  
Color Process

BY ADELE PARKER,  
International News Service Staff  
Correspondent.

MOSCOW, Mar. 1.—A new color  
process which applies any number  
of colors by means of a single im-  
pression is a Russian invention  
now becoming popular. The process  
is a secret of the Soviet govern-  
ment. The factory which manu-  
factures the product operates in  
Petrograd.

The inventor is Professor Nikolai  
V. Turkin, of Petrograd, and a co-  
inventor is Madame Astra Tur-  
sahr, also a resident of Petrograd.  
The shops which are devoted to the  
exclusive sale of the manufacture  
of this product are named for the  
inventors, "Tursahr."

The Moscow shop, "Tursahr,"  
contains all sorts of manufactures  
of paper, linen and silk stamped by  
the new process. There are lamp  
shades, table covers, boxes, pic-  
tures, postcards, calendars, and  
note books. The designs are made  
by approved artists and the goods  
have a really brilliant effect. A  
silhouette of Lenin by the cele-  
brated artist, S. V. Chaconina, was  
a recent feature.

The goods are very popular and,  
judging from the prices, the pro-  
cess is very economical.

## Spouse Called Her Crooked, Says Wife

Fred J. Krieger, railroad  
switchman, told his wife, Frieda  
Krieger, that "you are so  
crooked I don't see how you can  
look any person in the eye," the  
wife avers in a divorce complaint  
on file today. Besides making this  
alleged unjust assertion, she de-  
clares Krieger frequently swore at  
her, threatened to kill her and her  
cousin's family, and once told her  
that he wished she would get a  
divorce as he wanted to get mar-  
ried again.

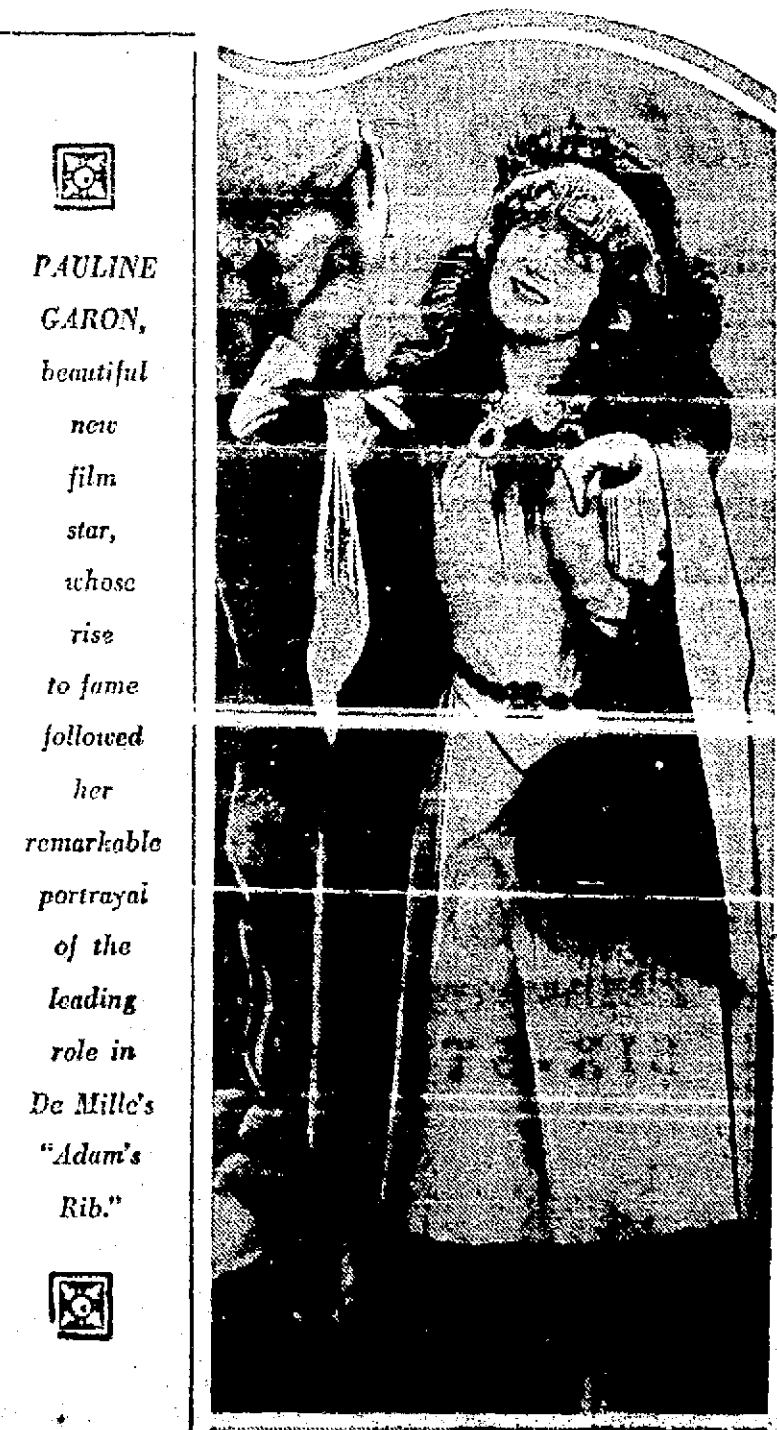

The couple were married in Chi-  
cago, April 8, 1908, separated yes-  
terday and have a daughter, Eve-  
lyn, aged 14, of whom the wife  
asks custody. She also asks to be  
awarded \$100 a month alimony  
and all the community property  
which includes an automobile,  
household effects and a note for  
\$880.

## War Refugee Is Formally Adopted

Formal adoption of Melitta Rei-  
man, fourteen-year-old Hungarian  
war refugee was accomplished to-  
day when Superior Judge E. C.  
Robinson signed papers making  
her the adopted child of her uncle  
and aunt, Mr. and Mrs. Andrew  
Torma, of 3316 Arkansas street,  
Oakland.

The girl attracted nation-wide  
attention some time ago when she  
traveled alone from Budapest,  
Hungary, to Oakland, the Reiman  
family fortune having been swept  
away by the turn of the world  
conflict.

## LOVE TANGLE OF MANILA LEADS TO COURT IN S. F.

Co-respondent Signs Document Admitting His Love for Another's Wife.

SAN FRANCISCO, March 2.—One of the strangest love tangles in history has been brought to light here in a perpetuation of testimony, which for the past week has been carried on at the direction of Superior Judge Deasy, in the offices of R. H. Countryman, an attorney in the Mills building.

From the witness stand Shelly Perry White, the co-respondent, who signed for a woman's husband a document admitting that he had stolen his wife, gave testimony regarding his relation with the woman and told of the events leading up to their romance in Manila. Yet there has been no divorce suit filed.

### LURED BY PARTIES.

Harrie S. Everett, who charges that White, who was until recently manager of the American Trust company, lured away his wife's affections through a series of parties attended by the most prominent Americans in the Far East, is Philippine representative of a large American manufacturing concern.

Mrs. Everett was formerly Mildred Everett, San Francisco society debutante and a noted beauty. Depositions setting forth the allegations have been in progress but yesterday White objected to answering any more questions, and a recess was taken while a judge could look up rulings on a point of law never before raised.

### ADMITS HIS LOVE.

The Everetts were married here in 1916 and went to Manila, where Everett had his business. One year ago White affixed his signature to two documents when nature prominently in the present proceedings—acknowledgments that he had made love to Mrs. Everett, and a pledge that if she and Everett were divorced he would marry her as soon as she was legally free.

According to Attorney Countryman, Everett claimed that it was all arranged that his wife should leave him, come to San Francisco, establish residence and sue for divorce. He was to keep the child, Silas Kendrick Everett, 5 years old. Mrs. Everett's legal residence here will be established within a month. The plan went on as scheduled, only Mrs. Everett refused to relinquish the child.

### HUSBAND TO BATTLE.

Everett, in Manila, became afraid that his wife would file suit against him, and because of the absence of White, the witness, would be able to keep possession of the child. So he came to San Francisco, and finding himself here with White, decided to have it all out. He petitioned that depositions be taken, and Judge Deasy granted the petition.

The document signed by White is said to have been framed in Manila, and follows in part:

"I, Shelly Perry White, of legal age and unmarried, resident of Manila, hereby declare that I am in love with the wife of Harrie S. Everett and that, due to my having made love to her, has caused her to reciprocate my affections and to separate from her husband.

"On the strength of my promise to marry her when she is free to have me, she has decided to go to the United States to secure her divorce, and I hereby confirm my statements to her husband that I will marry her as soon as she is legally free to do so."

### WASHINGTON NOTES

WASHINGTON, March 2.—President Harding today signed the Porter resolution in which congress requested the President to open negotiations with foreign governments to limit the production of habit forming drugs might be limited to the amount necessary for medical and scientific purposes.

The Mississippi river flood control bill authorizing an expenditure of ten million dollars a year for six years under the direction of the Mississippi river commission was passed by the House and sent to the senate.

Senate amendments to the filled milk bill were completed today by the House and the measure was sent to the President.

President Harding today asked the expiring Congress to sanction a supplemental estimate of \$100,000 in the budget to adjust the discrepancy between the treasury department and the bureau of engraving and printing, which makes all the currency, bonds, etc. This discrepancy existed on April 8, 1922, and, according to a letter from the secretary of the treasury, it is impossible to say "what proportion of the difference is due to theft and what to error."

Conferees on the farm credits bill had failed to reach an agreement today, but it was said great progress had been made in smoothing out differences. The chief points of conflict were understood to involve parts of the Capper bill, passed by the Senate and which were stricken out by the House when the composite measure was drafted. The Senate conferees were said to have urged retention of provisions to place supervision of private agricultural credit operations under the comptroller of the currency instead of the farm loan board and to exempt these operations from federal debentures.

Complete investigation of the veterans' bureau after adjournment of Congress was assured today when the Senate adopted a resolution providing for a special committee to investigate the bureau.

## PERMITS SHOW RAPID BUILDING

The monthly report of the building department to Commissioner Frank Colbourn, for February, shows that during that short month there were more building permits issued than ever before in the same number of days. There were but 22 working days.

The building permits totaled 935, for a value of \$2,041,406 in new construction. The fees for the department totaled \$4,166.66.

The city license department, also making a report, shows 89 new businesses paying licenses during the month, and 68 in the free license list. Against this total, a total of 36 quit businesses, making a gain of about 40 new business institutions for the month.

The license department collected \$7,000.00, as against \$5,144 in collections last year.

**MONTECITO BONDS VOTED.**

SANTA BARBARA, March 2.—A bond issue of \$500,000 was voted yesterday by the voters of Montecito, a fashionable suburb, for development of a water system.

## SPEEDER FINED \$300 IN FIDELITY

PIEDMONT, March 2.—Local authorities are continuing their campaign against violators of the motor vehicle traffic regulations. Judge Burtchell today imposed a \$300 fine on Walker Havens, son of Wickham Havens, and grandson of the late Frank C. Havens, who was arrested Wednesday and charged with speeding.

J. C. Hogan, a bank clerk, was fined \$20 by Judge Burtchell today for violating the motor vehicle regulations.

Choice of Three Hundred  
Trimmed Hats on Sale at One Price

**\$8.50**

Specially Purchased, Else They  
Never Could be Sold So Low

Our millinery buyer has just returned from New York with this great millinery achievement to his credit. It would be no special credit, of course, did his achievement consist only in assembling 300 hats to sell at \$8.50, but to get 300 hats, each and every one of which represents an amazing saving at \$8.50, is an event to talk about and emphasize. It is one of those great economy opportunities that we delight to offer our customers.

\$8.50 will not only save you money but will give you a choice of three hundred hats, fresh new and stylish, of which no two are alike.

These Hats are clever adaptations of the best ideas of Paris and New York designers at a fraction of the cost of originals. They are beautiful in coloring and new in shape. Among them are styles for immediate wear, and more formal affairs to put away in the box to wear on bad occasions. See these Hats tomorrow. They will tell their own story of style and value.

In this footnote we again emphasize the saving opportunity that this lucky purchase makes possible.

There will be extra salespeople to give you good service. The windows will reveal the values.

# The New Apparel For Children

If you think the new Spring clothes for their elders are alluring, you should see the smart arrivals for babies and juniors. Our Second Floor Department for young folks shows a wonderful array of attractive, well-selected apparel, from the dainty layette to the styles for misses.

### Coats for Little Girls

Your little 1- to 4-year-old daughter will look just as adorable in one of these new spring coats as does the little lass in the picture. Coats of Polaires, overplaid, and camelair cloth, as well as cape.

**\$6.50 to \$10.95**

### Smart Frocks

for small daughter

The little Miss between 2 and 6 years will need some of these gingham, Normandy voile, organdy, or chambray dresses in her spring wardrobe. There are also party dresses.

**\$2.50 to \$10.50**

—Second Floor, Capwells.

### Dress and Hat Sets

The 2- to 6-year kiddies look irresistible in these little Swiss, organdy, and print frocks with bonnets to match. The styles are unusual, and the colors just breathe the daintiness of a child. Buy "her" a set tomorrow.

**\$6.50**

### Suits that captivate

**\$17.50 to \$29.75**

Jauntiness itself is found in these suits of Polaires in plaids, or plaids and plain materials combined. Can't you just see daughter arrayed in one of these? Sizes 14 to 19.

### Rompers and Creepers

**\$1.95 to \$5.95**

Little boys and little girls alike may be outfitted from our new stocks of creepers and rompers. Of crepe, chambray, and fancy materials.

### Junior Sports Coats

**\$14.95 to \$25**

A sports coat is just the thing for these "in-between" days. They come in overplaids and all the new colors.

### Wool Sweaters

**\$2.95 to \$7.50**

A sweater in either Tweed or slip-over style, some of mohair, and in all the spring shades, will be sure to please young daughter, and they are made of soft wools in a fine range of colors.

### Attractive Frocks

Every sub-deb who sees these frocks will want one of them, we are sure. The styles are so smart, to begin with, some having clever pockets and sleeve styles, and then the fabrics (ginghams, prints and ratines) are so jaunty. The sizes run from 8 to 16 years.

Infants' Bonnets—A complete new assortment of adorable little embroidered white bonnets for babies. Special, 2 for \$1.00.

### New Spring

**Silk Bags**

**\$3.50 to \$22.50**

The newest styles in silk bags have arrived! You will want one to go with your street costume. They are of navy and black striped and figured moire silk, mounted in green gold and French gray filigree frames, with fancy chain handles fitted, and very attractive linings.

—First Floor, Capwells.

### Charming New

**House dresses**

**Special, \$5.95**

Most alluring are these dresses of excellent quality damask with stripes in different colorings. Made with or without collars, with short sleeves, loose lines, tie belts, and pockets. You will enjoy a change from the check gingham dresses that have been so popular. White or colored grounds with harmonizing color stripes and designs. Special.

—Second Floor, Capwells.

### Outsize

**Silk Hose**

**\$1.85**

A boon to the woman who needs outsize hose are these of the excellent Luxite brand. They are made of fine silk, with little heels, toes, and deep rib garter tops. In black, white or cordovan. Sizes 9 to 10½.

**At \$2.75**

A fine grade of silk in full-fashioned outsize hose with little foot and deep elastic garter top. In white, African, medium gray, and black. Sizes 9 to 10½.

—First Floor, Capwells.

### Kayser

**Union Suits**

**\$1.25, \$1.50**

Women's Kayser Marvelous union suits of very fine quality. In pink or white, and regulation or bedtop style. Regular sizes.

**\$1.50.**

**Kayser**

**Lawnette Suits**

# LOUISIANA TREES' AGE ESTIMATED AT 2500 YEARS

Forest Veteran 15 Centuries Younger Than Redwoods in California.

NEW ORLEANS, March 2.—The fifth oldest known living thing on earth, and the third oldest in North America, is a giant cypress tree in what is known as the Edenborn Brake, in Winn parish, this state, according to Carleton F. Poole of the Louisiana State Conservation Department.

The age of the tree has been placed at 2500 years by Professor Herman Schrenk of St. Louis, and other scientists who have examined it. According to records, it is exceeded in longevity only by the Santa Marie del Tule cypress, near Oaxaca, Mexico, 5000 to 6000 years old; the Dragon tree at Oran, island of Tenerife, 4500 years old; the redwood tree California, 4000 years old, and the Baobab tree, Senegal, 4000 years old.

The Edenborn cypress was budding into life when Jerusalem was taken by Nebuchadnezzar. It was a lusty young sprout when the battles of Marathon and Thermopylae were fought, when Assyria was at the apex of world domination and when Rome was a village of mud roads and hovels.

The tree was 500 years old when Christ was born in Bethlehem, a veteran when the Roman legions were withdrawn from Britain to leave the savage tribes of those islands to fight out their differences, and was more than 2000 years old when Columbus sailed into the Atlantic to begin his voyage of discovery.

The tree was one of a number of its kind in a tract of pine timber purchased by William Edenborn some years ago and when logging began he refused to permit it and three others almost as large to be felled, although the giant contains approximately 23,000 feet of lumber. It is peculiarly situated for one of its species, for while the cypress usually grows in swamps the Edenborn specimen stands in a hollow between hills.

One of the three cypresses left standing fell in a storm some months ago. Edenborn has offered the aged giant and its two companions to the conservation department to do with them as it sees fit, so long as none is injured. The department plans constructing a highway to them so that the spot may be visited more easily.

## Jail For Those Who Furnish False News

ST. PAUL, Minn., March 2.—Any person who willfully furnishes a newspaper with a false statement is guilty of a misdemeanor, under the terms of a law enacted by the present legislature. It is aimed at practical jokers and malicious persons who send in false notices of weddings, engagements or other "events," and any person who gives such misinformation to a newspaper "willfully, knowingly and maliciously," comes under its provisions.

## JAPAN'S EXPORTS INCREASE

TOKYO, March 2.—Japan's exports to China during 1922 amounted to 19,847,000 yen and imports to 15,844,000 yen. Compared with 1921 the exports showed an increase of 45,310,000 yen and the imports a decrease of 2,965,000 yen.

## COAT TOO WARM; COOL WITHOUT IT

"Hello, Elsie, I hear you went down to San Jose yesterday? Of course, there is no need to ask you whether you had a good time. You always do."

"Well, to tell the truth, I didn't have a dreadfully good time. It's my fault, though, so I'm not crying about it. It was a beautiful day though, and just like spring."

"I should say it was. We went for a hike in Marin county and had a gorgeous time. Was a beautiful day over there. But you haven't told me what married your Sunday?"

"Oh, I wasn't dressed right. Isn't it tragic how a little thing like mere clothes can make a whole day go wrong? I had on my heavy top coat over a satin dress. The dress was too light weight to wear without a coat, and the coat was too warm and thus I was miserable."

"Well, my dear, spring is coming and it is time to get what one is going to wear in the spring. You going to get a light weight coat, a suit, or what?"

"Well, I hadn't realized how near it was to spring until yesterday, to tell the truth. I must get some new clothes soon, too, and I simply can't afford it. I would like a snappy sport coat. One needs one in this climate and it can be worn a good share of the year. My heavy coat is really too heavy."

"Oh, my dear, let me tell you something. You may get a wonderful sport coat at Cherry's at 515 13th street. And the best of it is that you may buy on credit. By making arrangements with Cherry's you can pay a certain sum each month. One can be well dressed that way and really the money is hardly missed."

## Women Voters To Meet at Des Moines

DES MOINES, Iowa, March 2.—Preparations are now being made for the session of delegates and visitors to the fourth annual conference of the National League of Women Voters to be held here April 9 to 14.

This is the first time that the league has ever held its national convention west of the Mississippi river, and members of the Iowa League of Women Voters will be present.

Spending much time perfecting the program for the gathering. Speakers at this year's convention will include Justice Florence Allen of the Ohio Supreme court; Julia Lathrop, president of the Illinois League of Women Voters; and Anna F. Rude, director of maternal and infant hygiene of the children's bureau.

Mrs. Maud Wood Park of Washington is president of the National League of Women Voters. It would take a good counter, counting 24 hours a day, more than \$879 years to count a billion.

## AMAZING CAREER

## OF SOLDIER TOLD

## IN LONDON COURT

Rivett-Carnac Is Called the Most Cunning Don Juan and Thief of Decade.

By DAVID L. BLUMENFELD.

(Written for the United Press.)

LONDON, March 3.—Sentenced to three years imprisonment with hard labor, Robert Le Clerq Rivett-Carnac was described as the most persistent, plausible, cunning Don Juan and thief of the decade.

Carnac is 39 years of age, dark and swarthy, with piercing eyes which are said to have attracted

thousands of society women, speaking four languages, said to be Eurasian, self-styled as Russian.

Actually no one knows his parentage. The Rivett-Carnac family—well-to-do society Anglo-Indians—declare the impostor to be of no blood of theirs.

The charges for which he was sentenced were for fraud and theft. During the course of the trial an amazing life story came to light.

He told the court that he was born in Russia, and was brought up in ignorance of his parents' names to be the daughter of his parents' oldest friends. "It was not until I was twenty-five," he said, "that I learned she was my sister." Meantime a child had been born to the unfortunate girl—Carnac was the father.

RECORD BAD AS SOLDIER. Carnac was next heard of in India. Here he joined an Indian volunteer cavalry regiment and distinguished himself one "guest night" by riding a polo pony into the mess and "leaping" it over the billiard table. For this and other really disgraceful episodes he was turned out of the regiment in disgrace.

His first real military service was as a gunner in the Royal Field artillery, in which he enlisted after "guest night" the cavalry volunteer corps. Here he stayed for four years and on his discharge at the end of that time, there were thirty convictions on his conduct sheets. "The worst record of any soldier I have ever known," remarked his commanding officer.

In 1906 he served a term of twelve months imprisonment in England for fraudulently swindling a pretty widow and following his release he went to South Africa where his polished speech secured him the position as adjutant, to a Rough Rider corps who were putting down a little rebellion in Natal. He obtained several large sums from recruits and bolted with the regimental funds.

ONCE SENT TO ASYLUM. War found him re-enlisted as "John Gore-Brown" once more a gunner in the artillery. He saw service in France and in 1916 was discharged, only to wear his Majesty's uniform, aging a polo pony into the mess and "leaping" it over the billiard table. For this and other really disgraceful episodes he was turned out of the regiment in disgrace.

## Pioneer Rancher Dies at Irvington

Lowrie, Sr., pioneer rancher of this district, died recently at his home here at the age of 92 years. Lowrie came to California around 1850 in the early days with a colony of settlers. He was the oldest member in the Alvarado Odd Fellows Lodge, having been given a badge by the lodge on the fiftieth anniversary of his membership. A widow, daughter and two sons survive.

## Oats Never Cooked so quickly

Quick Quaker Oats

Cook in 3 to 5 minutes

Your grocer now has Quick Quaker Oats, as well as the style you know.

Quick Quaker, perfected by our experts, is the quickest cooking oats in the world. It cooks to perfection in 3 to 5 minutes.

Both styles have that exquisite flavor which has won the world to Quaker. Both are flaked from queen grains only—just the rich, plump, flaky oats. In both we get but ten pounds from a bushel.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

If you want the Quick Quaker, look for "Quick" on the label. You will get the quickest cooking oat flakes ever known.

## ERUPTION THINGS FEAR UP BIG CATASTROPHE

Earth Shocks Shake Alaska  
After Latest Blow-Off  
From Aleutian Peaks.

ANCHORAGE, Alaska, March 2.—Volcanic phenomena on the lower Aleutian peninsula where another great peak, Mount Pavlov, located opposite the Shumagin islands and north of the Unimak Pass, blew off its December 30, may bring about conditions similar to those of 1906, in the opinion of residents here, when the crews of the revenue cutters plying along the Aleutian waters witnessed the creation and disappearance of new islands.

Pavlov is located on a narrow neck of the Aleutian peninsula and any protracted eruption may result in separating the active peak from the remainder of the peninsula. So frequent have become the earth tremors, due to volcanic activity, that residents of southwestern Alaska pay little heed to them unless something spectacular occurs.

When Katmai blew up, carrying away its top, measuring two miles in area, Kodiak and surrounding islands were submerged beneath a blanket of volcanic ash, which later developed into fertile soil. The last outbreak occurred a year ago, when Mount Redoubt burst into mild activity after years of quiescence.

One of the rare sights accompanying the eruption of Pavlov is the vivid reflection cast against northern mountain peaks as far north as McKinley, 20,300 feet high, and several hundred miles from the scene of action. During the most active period of Pavlov's explosion, the entire Aleutian range of towering peaks were radiant with a marvelous glow, changing into iridescent colors of awe-inspiring splendor.

## Kidney and Bladder Troubles HAVE TO GO

Clogged Up Kidney Deposits Are  
Detoxified and the Toxins (Poison)  
Completely Driven Out—  
Druggists Told to Guarantee It  
in Every Instance.

"Your very life," says Dr. Carey,  
"depends upon the perfect function-  
ing and health of your kidneys, so  
whatever you do not neglect them!"

Dr. Carey's famous Prescription  
No. 177 (known for years as Marsh-  
root) is not recommended for every-  
thing, but we cannot too strongly  
urge its use if you suffer from any  
sort of kidney trouble. Frequent  
passing of water, night and day,  
with swelling or irritation, brick-  
dust sediment or highly colored  
urine, itching, irritability, with  
loss of flesh, or any other tendency  
to Bright's Disease, Diabetes or  
Gravel, for kidney disease in its  
early form may be stealing upon you.

Don't wait until tomorrow to  
begin the use of this wonderful  
Prescription, new obtainable in both  
liquid and tablet form if you have  
any of the above symptoms. Kid-  
ney trouble is a serious matter.

They will grow upon you  
slowly, steadily and with un-  
failing certainty. If you even suspect  
that you are subject to kidney trou-  
ble, don't lose a single day for  
Owl Drug Co. and every good drug-  
store has been authorized to return  
the purchase money on the first day  
you feel better.

## Native Sons Ask Death Penalty For Dope Seller

SANTA BARBARA, March 2.—The death penalty for "per-  
sons, corporations or firms" en-  
gaged in the illegal sale of nar-  
cotics was demanded in a resolu-  
tion adopted and forwarded to  
the California Legislature here  
today by Santa Barbara Parlor  
Native Sons of the Golden West.  
The existence of a strong drug  
ring is charged in the resolution,  
which characterizes the crime  
of selling narcotics as more rep-  
rehensible than murder.

The population of India is 219,075,312 persons.

## CIVIL SERVICE PRUDENCE FINISH WORK IN SOUTH

Chairman of Assembly Com-  
mittee Says Intent to Evade  
Law Existed.

LOS ANGELES, March 2.—The  
special assembly committee inves-  
tigating charges that civil service  
employees had been asked to con-

tribute to political campaign funds  
prior to the last state primaries,  
concluded a three-day session in  
Los Angeles and vicinity yesterday  
and left today for Sacramento,  
San Francisco and Sacramento.

"In Sacramento and San Fran-  
cisco, where the alleged violations  
of the law were the most pro-  
nounced, it seems plain to me there  
was a willingness and even a de-  
termination to violate the spirit of  
the law, and at the same time at-  
tempt to keep beyond any penalty,"  
said Henry E. Carter, chairman.

"We find that civil service em-  
ployees in Southern California,  
where the political pressure seems  
to have been lightest, nevertheless  
felt they should contribute if they  
desired 'everything to be for the  
best.'"

"Our investigation, as far as it  
has progressed, strongly demon-  
strates, in my opinion, the need for  
a revision of the civil service law  
in certain respects."

## Liquor-Crazed Man Shot Down By Posse

HANFORD, March 2.—A mem-  
ber of a sheriff's posse sent to ar-  
rest a man who had been shot  
yesterday afternoon near his home  
ten miles south of here, shot away  
three inches of the bone in Gor-  
don's leg when Gordon leveled a  
rifle at the posse, apparently to  
resist arrest.

Officers declare that Gordon,  
while intoxicated, fired three shots  
at one resident of the community,  
frightened the school teacher and  
sent the pupils of the Paddock  
school into a panic. Forty-two  
rounds of ammunition, a large  
revolver and a bottle of liquor were  
found in Gordon's automobile.

## 1000 Refugees in Wilhelm's Castle

NEW YORK, March 2.—Reports  
from Berlin that former Emperor  
William and his wife the Prin-  
cess Hermine, contemplate a move  
from Doorn to Wilhelm's former  
summer palace, Castle Achilleion,  
on the island of Corfu, Greece, led  
Charles W. Vickrey, general sec-  
retary of the Near East relief, to  
observe that they have a big sur-  
prise in store for them. Castle  
Achilleion now houses 1000 Ar-  
menian war orphans, with the per-  
mission of the Greek government.  
"The place was requisitioned by  
the Greek government during the  
war," Vickrey said, "and has been  
turned over to Near East relief. I  
do not think the Greek authorities  
have any intention of returning it  
to the former kaiser or his family."

## PASTOR CHARGED WITH POLYAMORY

GRAND RAPIDS, Mich., March  
2.—A warrant charging polygamy  
was issued here yesterday for the  
arrest of J. Frank Fetterhoff, 77  
years old, who is said to be a for-  
mer lay preacher in a local Meth-  
odist church. Mrs. Ida van Liew  
Fetterhoff, the complainant, charg-  
ed Fetterhoff with being married to two  
other women.

Calcutta, India, has a population  
of 1,283,292 persons.

## Partners to Do 670 Acres in

more acres of rich bottomland  
in Eastern Yolo county when  
Darvis, of Yuba, W. M. L.  
Lester, of Walnut Grove, and  
L. Postgreve, of Yuba, signed  
a \$150,000 agreement to  
engage in agriculture, stock  
and stock business in Yuba  
county. Articles of incorporation  
were filed with the County  
Recorder today. The com-  
pany will be called the  
Darvis, Hutchinson and Postgreve  
Deeds to the lands held by the  
company, were filed with the  
Recorder today.

# Gerwin's

13th Street Between Broadway and Washington Oakland

WE are ready with Spring's most beautiful fash-  
ions, gathered from the foremost designers of  
the world, on display for your choosing!

Graceful large hats of Milan Timbo and novelty braids, that show a tendency to be  
the favorites, take their color cues from Nature's own palette. Gorgeous Dahlia  
shades in rich mulberry, orchid, yellow, pink and deep russet browns---the purple  
hues of "mountain haze" increase in popularity---they abound in flowers, ribbon,  
two-toned braids and silks.

Never have we assembled a more fascinating selection of hats of the most fashion-  
able body materials and trims; smart lines---and in price most moderate.

## TRIMMED and PATTERN HATS

(Second Floor)

Watteau shapes, banked with flowers in the back---huge  
cartwheel hats, faced with silk underneath and canton  
crepe on top, carry out the shade vogue that is so highly

At Gerwin's you will find the first showing of the lovely Meadowbrooks,  
and this year they are lovelier than ever before in their famous "colors born of  
sunshine" and new materials.

Little Miss  
Six to Sixteen

will have her new hat tail-  
ored if she wishes to be smart  
---but they are the crushy  
kind, with ribbon streamers  
in pretty shades. Although  
there are flower-trimmed  
pokes for dressy wear that  
are most tempting.

\$2.95 to \$10.00

---Second Floor.

## Imported Trimmings and New Materials

For making your own  
spring hat are so lovely, and  
inexpensive it will be lots of  
fun adding another to your  
favorite shade.

(Second Floor)

## WRAPS

Let the first Spring breeze be a sign that will sweep  
you into a new wrap. And there's be many occa-  
sions afterwards when you will be glad of it---espe-  
cially when they are of the dainty kind, braided or  
simply plain with rich materials.

\$29.75 to \$115.00

(Third Floor)

## SUITS

The first fine days will find the most fashionably costumed  
women parading in their new Tailleurs. You'll be there of  
course. Maybe you'll be wearing a suit whose jacket blouses  
above a snug hipband, or it may be one that flares a bit like  
a Spanish bolero.

\$29.75 to \$95.00

(Third Floor)

## SPORTS TOGS

They're almost an essential just now---especially the  
tailored sweaters for golf. They have V necks and  
pockets. Sometimes the whole front is a different  
weave and color to the back, and very smart as a  
result. Slip-ons in gay colors for resort wear are in  
a variety of styles.

Silk and wool skirts are tailored or finely pleated. There's a  
vast assortment to choose from, and most moderately priced.

Skirts \$10.75 to \$27.50

Sweaters \$5.95 to \$18.75

(First Floor)

## FROCKS

Their colors run riot in the new frocks, and styles are borrowed  
from every period to add to their attractiveness. Printed  
Crepe de Chines, with tiers of pleated ruffles; patterned Rob-  
erts, exotic in color and Egyptian in the way they are draped  
toward the front; quaint Victorian basques in dark shades,  
with inserts of prints and bouffant skirts.

\$25.00 to \$95.00

## Here, There and Everywhere in the East Bay

**The Sausage Situation.**  
The Berlin sausage makers have gone on strike. From here it looks as if they got one more deal after another until conditions became a wee bit too tough to swallow. They'll probably try to grind out a living in other channels unless the employers "meet" their demands. They're through leading a dog's life, they say.

### Abe Martin

We'll bet their hairet so much love at first sight since skirts took a drop. Chester Nopps has been fired from his basketball team for lettin' his studies interfere with his practicin'.

**Colorful.**  
Dyes will probably be used by Germany in paying her debt to America. An American man wants to know if this is another case of the pot of gold at the end of the rainbow.

**Aniost Sued For \$3355.**  
Asking \$3355 damages, Anna M. Vener today filed suit against G. B. Ratto, claiming his automobile delivery truck struck her at Fourteenth and Franklin streets on December 2, causing her numerous injuries and shock, and breaking her wrist watch, valued at \$150. She claims the defendant was guilty of negligence in driving.

**One Kind Barred.**  
A local Pacifist says its all right for Germany to pay her debts with dyes, provided she doesn't do it with war paint.

**"Hard Time" Dance Planned.**  
A "Hard Time" dance is to be given tomorrow evening in W. O. W. hall on East Fourteenth street by Fruitvale Lodge No. 69, I. O. O. F., Good Will Rebekah Lodge No. 169, and Golden Link Rebekah Lodge No. 165.

**Fast Colors Only.**  
A Berkeley girl with a taste for colored stockings says she doesn't

object to Germany paying her war debt with dyes provided Germany guarantees that the colors won't run.

**Speaking of the Weather.**  
Rainy weather is predicted for March. Is the month coming in like a sea lion and going out like a clam?

**Now She Knows.**  
Charlie Chaplin says he's too poor to get married just now. An Oakland movie fan says she always wondered why Charlie wears such ragged trousers and disreputable shoes.

**Maybe Not.**  
An employee of the internal revenue department says Charlie Chaplin is not the only millionaire who talks about his poverty as the income tax season rolls around.

**If You Please.**  
A California man suffered an attack of sunstroke in February. Eastern papers please copy.

**If Chew They Must.**  
A steamship is in suit soon with \$500,000 worth of chewing gum for Japan. An Alameda philosopher expresses the opinion that it's better for the Japanese to chew gum than chew the rag.

**Most Likely.**  
A local linguist says he doesn't know what "gum" is in Japanese, but he bets it is easier to chew than pronounce.

**'I AINT APPRECIATED'**  
My husband waits until he is sore about something, then gets out needle and thread and starts sewing loose buttons on his clothes to make it appear as if I neglected him.—Mrs. James D. S.

## EVERY TIME POP TALKS ABOUT HIS FAMILY TREE MAM ALWAYS REMINDS HIM OF THE NUTS THAT ARE ON IT

**Parent-Teachers To Dance.**  
Mamamita Parent Teacher Association will sponsor a community dance tonight in the school auditorium. Mrs. William Hession is chairman. The proceeds will go to the child welfare treasury.

**Felon's Wife Asks Divorce.**  
Elmer C. Stone was convicted of a felony in San Joaquin county and sentenced to San Quentin on July 3, 1921, declares Mrs. Anita Stone, in asking the superior court for a divorce. She says they were married in San Francisco December 11, 1915, and have four children, ages 7 to 3 years.

**Bride, 16, Seeks Annulment.**  
When 16 years of age, Mrs. M. Viola Dixon married Richard Dixon on August 7, 1922, without the consent of her parents, declares Beatrice Carpenter, her guardian, in a suit for annulment. The couple lived together six months, separating February 7, 1923, according to the complaint.

**Course In Literature.**  
A course designed to satisfy the demand for a study of the greatest works of literature will be opened by the University of California Extension Division under the title "Representative Masterpieces," in room 15 of the Oakland High School, Monday evening at 7:30 o'clock. The course will be conducted by A. E. Anderson.

The naming of the town of Nome, Alaska, was accident: 1—the spot was marked "name" on the first maps and went through as an error.

## AND EXPECTED TO TOUL EXCITED TO ATTEND BANQUET

SAN JOSE, March 2.—Plans for the "Get-Together" banquet and meeting which members and employees of the California Prune and Apricot Growers' association will enjoy at the Vendome hotel on the evening of March 9 are complete, and members of the committee in charge say the affair promises to be one of the most interesting and successful association gatherings ever held. Approximately 400 people are expected to attend the banquet. Only members and employees of the association and members of their families will be in attendance. For the convenience of those wishing to attend the banquet the committee has arranged for several places throughout the county where tickets may be obtained. The list of places from where tickets may be secured is as follows: Mountain View and Sunnyvale district, Chas. Warren; Los Gatos and Saratoga districts, D. Garrod, Herman Clark and R. E. Warren; Evergreen, Mt. Pleasant and Berryessa, J. P. Shambau, W. E. Moore, O. B. Whaley and C. B. Hannah; Morgan

## MURDER IS LAIN AT DOCTOR'S DOOR

A coroner's jury today returned a verdict charging murder in the case of Dr. C. S. Carpenter, of San Francisco, alleged to have performed an illegal operation on Miss Cecelia Lynch, aged 25 years, a bookkeeper. Miss Lynch died February 28.

**COST EXPERT APPOINTED.**  
SACRAMENTO, March 2.—Roo-ert W. Walker, editor of the Vallejo Times-Herald and former postmaster of Vallejo, was today appointed to the position of cost expert of the state printing office.

Hill, Farmers' Union; San Martin and Gilroy, A. T. Jones; Cupertino, Cupertino store; Campbell, Leroy Johnson and Campbell Farmers' Union; San Jose, J. T. Brooks, at main office of the California Prune and Apricot Growers' association, Market and San Antonio streets.

## Income Earners Warned to Make Returns in Time

In order to avoid the penalties imposed by law, Collector of Internal Revenue John P. McLaughlin advises the taxpayers of this district to file their income tax returns before March 15, the last day of the income tax filing period.

Income returns are required of every married couple whose net income and that of dependent children for the year was \$2000 or more, and from every single or married person not living with wife or husband, whose net income was \$1000 or more.

Under the law, a \$1000 fine and twenty-five per cent of the tax due will apply to all those who have failed to make a return and pay the first installment. Income tax forms have been mailed to every individual who filed a return for 1922, according to McLaughlin, and all who have taxable income for

## CARELESS VOTER CALLED GRAFTED

(By International News Service.)  
COLUMBUS, Ohio, Mar. 2.—Voters who make no effort to assume any responsibility for the Government but who accept the benefits of Government's attitude "the greatest grafters in politics," said Professor Charles E. Merriam, University of Chicago, addressing an audience at Ohio State University.

"Of the more than 54,000,000 persons eligible to vote in the United States only 25,000,000, or less than half, voted at the last Presidential election," continued Professor Merriam. "The reason for this apparent indifference of the voters to national government affairs is due to growing prejudice against party politics."

1922 are obliged to obtain such forms and file with the collector on their own initiative.

## QUALITY TRUNK CO.

Quality Purses \$4.95

### Quality's Name Means Quality

Quality's Name

When the Quality Trunk Co. was founded nearly twenty years ago, "quality" meant just that—quality. In the advertising and sales vocabulary of this firm it has never meant anything else. Of late years with some advertisers, it has meant a mere slogan. With this firm, however, it was incorporated into the firm's name, and, what is more important, into the firm's policy—and means what it says.

To this day, Quality carries the same unvarying high standard of leather goods and trunks in every line as the name implied when the store began. At the same time prices have remained consistently reasonable.

### A Quality Special in Purses

Quality's new Spring stock of women's purses and vanity boxes exemplifies the store's regular policy. The assortment from which to select is large, and only the newest models are being shown—the sort that delight the heart of the fastidious woman.

Select from adorable new shapes in brown, gray, gull black, and patent leather in both small and unfitted purses.

See our window display of purses at this special price, \$4.95.

## NAVAL BOARD TO PROBE FLAREBOMB ON DESTROYER

Disaster That Caused Death  
of Six Men Came After  
Speed Trophy Won.

MANILA, March 2.—(By the  
Associated Press.)—It was just  
after the destroyer, Hulbert took  
the Asiatic fleet speed trophy by  
making 35 knots an hour yester-  
day that tragedy came aboard to  
chill the pride of the crew. Six  
enlisted men were killed by an ex-  
plosion in the boiler room.

An investigating board has been  
appointed to determine the cause.  
The bodies were removed to the  
Cavite naval station, where they  
will be prepared for burial.

The Hulbert arrived in Manila  
last October after coming from  
Newport News, Va., by way of the  
Suez canal.

TWO THEORIES ADVANCED.  
Naval authorities had been un-  
able today to determine the exact  
cause of the explosion. Two  
theories were advanced—the first,  
that when a fireman going on duty  
attempted to open the fuel valve  
of a faulty burner, the oil, instead  
of flowing into the fire box, spur-  
ted against the boiler head, spray-  
ing the room and setting fire to  
the paint.

The other possible explanation  
is that there was a fireback or  
burning oil which ignited the paint,  
forming a gas that suffocated the  
sailors.

Lieutenant Vinson, executive of-  
ficer of the Hulbert, said:  
"I was below when the acci-  
dent occurred, but immediately  
hurried on deck. There were two  
couples to take. The first was to  
close all fireroom doors in order  
to prevent the fire from spreading  
and to force air into the burning  
fireroom in an effort to force the  
flames of burning oil up through  
the smokestacks.

FLAMES ARE SMOTHERED.  
"This we did, and watched for  
the men to kick open the hatch  
covers and escape from below.  
However, the deck over the burn-  
ing room was warped from the ter-  
rific heat and we knew it was im-  
possible that any men were alive.  
Then we took the other couple,  
which was to batter down the  
hatches, turn off the air and  
smother the flames. As soon as  
the fire was extinguished, parties  
equipped with gas masks entered  
the fire room and brought out the  
bodies.

"None of the men burned to  
death. All were overcome by gas."  
Captain C. S. Freeman heads the  
board of inquiry. The bodies will  
be sent to Mare Island, California,  
for burial.

## Things they Ask the Tribune

"I have a brother in the navy,  
whom I have not heard from in  
many months. He was on the U. S. S. New York. Could you kindly  
tell me where that ship is stationed  
now or where I can procure in-  
formation as to its whereabouts?"  
Write to the Chief of the Bu-  
reau of Navigation, Navy Depart-  
ment, Washington, D. C., or to  
Commanding Officer, U. S. S. New  
York, care of Postmaster, San  
Francisco. The New York is now  
at Panama.

"Can you give me a brief sketch  
of the career of 'Baby Peggy,' the  
comedy film star?"  
Her full name is Peggy Jean  
Montgomery. She is four years old,  
having been born October 28, 1918.  
She was born in San Diego. She  
played her first part in a Century  
Comedy at the age of one and one-  
half years. Bruns, the dog,  
starred in that comedy. She has  
made more than thirty-five Century  
comedies and was named by Stern  
Brothers to Marshall Nellan for  
two of his pictures, "Pollyanna"  
and "Penrod." She has received  
only a few hundred less than 10,000  
five letters in the past two and one-  
half years. She passed two psycho-  
logical tests given by the Univer-  
sity of California, and each time  
she was far above the average for  
her age.

"Please answer in THE TRIB-  
UNE, stating the fastest speed a  
passenger boat ever made."  
The Mauretania in 1910 made  
the trip from New York City to  
Quintanar, in 4 days, 16 hours, 41  
minutes. Her day's run for  
passenger ships was made by the  
Mauretania in January, 1911, 676  
knots. The U. S. Destroyer Cole  
made 42.75 miles an hour on her  
last sea trip. The motor boat, Miss  
America in 1920 on Lake George,  
N. Y., went at the rate of 77.55  
miles an hour; the motor boat  
made 89 miles an hour on the  
Solent, England, in 1921.

## ENTRY LIST OF CHILDREN'S PETS CLOSES MARCH 17

Any Child in Alameda County Has Chance to Exhibit Animal.

March 17 is the last day on which Alameda county children may enter their pets in the annual exhibition of the Children's Pets Association to be held at the Dreamland auditorium in San Francisco March 27 and 28.

Any child in Alameda county can enter a pet in the show and entry blanks can be obtained by communicating with Mrs. L. Matthews, secretary of the Oakland Society for the Prevention of Cruelty to Animals, at 3206 Telegraph avenue. The show is being given by the Children's Pets Exhibition association, in co-operation of the S. P. C. A. and the organizations of both sides of the bay.

About the only things that Superintendent F. W. D'Evelyn has not had to classify is the elephant and the giraffe and probably the only reason these creatures have not been entered by the boys and girls is because parents object to having them running about the house.

Among the rare entrants recorded is a South American honey bear, owned by Albert Moerman, of 157 Hartford street. This queer little creature is almost human in its love for its master, from whom it is inseparable. There will be awards for the ugliest, smallest, biggest, longest and other winning animals.

A women's auxiliary of the C. P. E. has been organized to aid in the arrangements for the exhibit. It includes Mrs. L. A. Newall, chairman; Miss M. E. Lane, secretary; Mrs. E. Lofquist, Mrs. Alice Cummings, Mrs. Mary A. Lawrence, Miss Alice M. Goodall, Mrs. J. G. Williams, Mrs. William J. Citron, Mrs. R. L. Rigdon and Mrs. C. Wootton-Handley.

### Judge Lindsey Will Address Lodi Women

## LESS EFFICIENCY AND HIGHER WAGE MENACING JAPAN

Gloomy Forecast of Empire's Future Drawn by Head Of Spinning Company.

TOKYO, March 2.—Sanji Muto, president of the Kanegafuchi Spinning company, in an article contributed to the Osaka Asahi, draws a gloomy picture of the future of Japan's economic life. "Japan is the third country in the world as regards the density of population," says Muto, "and, since her population is increasing at an annual rate of something like 600,000, the country is more and more becoming dependent on foreign countries for the supply of food-stuffs.

"As all the possible outlets for her surplus population have been closed, it will be necessary for Japan to develop industries so that money with which to buy food may be obtained. But Japan is lacking in raw materials, the cost of fuel is high and, in addition, the rising cost of production tends to retard the growth of industries and the development of export trade. Taking 1900 as the index figure for prices and wages in 1900, these figures now are 264 and 413.

"The remarkable rise in prices as noted above is due," Muto said, "to the heavy burden of taxation, adoption of a protective policy, inflation of currency, rising wages and increase of consumption. In recent years, wages have made a tremendous advance, but the efficiency of workers has been falling in inverse proportion, while the consumption of commodities, especially articles of luxury, has been increasing at a remarkable rate. In other words, the consuming classes have been steadily increasing, but the producing classes are declining.

"Herein lies an economic crisis that is impending. Unless the people are awakened to this important fact and strive to ameliorate the existing state of affairs, Japan will be plunged into a grave crisis."

his home. He is interested in valuable property. For some time Johnson has been in failing health, but it was only a few days ago that his condition became alarming.

### Italy Is Swept By Divorce Wave

Italians must assume another nationality before they are able to secure divorce, since the Italian law does not provide for divorce.

difficulty has been overcome by the ease with which the nationality of the Free State of Fiume can be obtained.

decrees not obtained abroad by former Italian subjects. Up until a short time ago the need of assuming a foreign nationality was a hindrance to divorce, but the that Prince Marino Torlonia and his wife, Princess Elisabetta Torlonia, who is an American by birth, are soon going to have recourse to the Fiume divorce courts.

Another Italian-American marriage that is reported to be on the verge of dissolution is that of Prince Andrew Boncompagni, who Draper, daughter of General Draper, former Ambassador of the United States in Rome. It is reported that since the Boncompagni family belongs to the "black

aristocracy" (adherents of the Vatican) and the Vatican does not approve of divorce—Prince Andrew has filed a petition before

the annulment of his marriage with the princess on the ground that since there have been no children the marriage has never been consummated.

# H. J. MACKENZIE, BIG SPORTSMAN, DIES IN SOUTH

## End Comes at Hotel After a Short Illness, With Wife On Way East.

LOS ANGELES, March 2.—Robert John Mackenzie, internationally known sportsman, one of the promoters of the Canadian Northern Railway and owner of the racetrack at Pleasanton, died here last night. He became ill three days ago, but summoned no physician until yesterday.

His wife, Mrs. M. D. Mackenzie, called for New York by way of Panama last Monday on the steamer Venezuela, but he remained to attend to business affairs. With his California representative, Matthew O'Brien, manager of the Pleasanton track.

Mackenzie was the son of Sir William Mackenzie of Toronto, president of the Canadian Northern Railway. While the road was under construction, the son had charge of the construction work, with headquarters in Chicago. Mackenzie succeeded to a large portion of his father's wealth and was known as a shrewd business man.

Mackenzie gained more fame in the sporting world than he did in business life. For many years he was a close follower of the turf and his colors were familiar on the American, English, French, and German tracks before the war.

Following the disaster in San Francisco in 1906 he invested more than a million dollars in property in that city. Fifteen years ago he built the famous racetrack at Pleasanton and spent more than a quarter of a million dollars in refitting it as one of the most famous private race courses in the world.

# DeMolay Entertained At Masonic Temple

WASHINGTON, March 2.—Members of the Carquinez chapter, order of DeMolay, were the guests of Alamo Lodge, No. 122, Masons, Tuesday night, at the Masonic Temple, when the degree team of the DeMolay initiated five candidates.

About 55 members of the DeMolay were present, 22 visitors from the Antioch chapter and the remainder from the local chapter, which takes in the territory of San Ramon, Danville, Alamo, Lafayette, Concord, Martinez, Elgin, Lafayette Creek and Searanq.

The following members compose the degree team: Master Inquisitor, H. A. Hausman; senior inquisitor, M. N. Seegley; junior inquisitor, H. M. Court; conductor of the degree, J. Osborne; DeMolay, G. Longueville; torchbearers, A. Ough and H. de Hasi; guards, R. J. Rutherford and C. Farwater.

The officers of the Carquinez chapter are: Master counselor, Leonard Wayne; senior counselor, E. Thornton; junior counselor, L. Dilford; treasurer, E. Howard; scribe, A. J. Enloe; senior deacon, George Culler; junior deacon, Curtis Dunsen; senior steward, H. de Hasi; junior steward, A. Almqvist; marshal, R. Galt; sentinel, H. Swift; standard bearer, H. Martz; chaplain, Malcolm Reynolds.

Members of the Masonic lodge of the surrounding towns were in attendance at the event.

A buffet supper was served by the Masons to the guests.

# GEORGIA BLEACHER DEAD.

CHATTANOOGA, Tenn., March 2.—Albert E. Bleacher, vice-president of the Crystal Springs bleachery and the Bowen-Jewell company of Chickamauga, Ga., died suddenly yesterday at his home in Chickamauga. He is survived by a widow, two daughters, one son and three brothers, H. J. Bowen, St. Joseph, Mo.; Milton Bowen, Washington, and W. N. Bowen, of San Francisco.

# LOVE TRIANGLE CANNOT DISTURB ORKNEY ISLAND

LONDON, March 2.—An "island paradise," into which the complications of the Eternal Triangle cannot enter, is disclosed by the last census of the Orkney Islands.

It is the island of Holum, in the mouth of Stromness harbor, and the total number of inhabitants is two, a man and his wife.

Other islands in the large group offer close competition. Hunda, South Hunda, south of Kirkwall, has a population of three, while Copinsay boasts of seven.

BELLRINGING DIGNITY.

GOUDHURST, Eng.—The local bellringers have struck because their "profession is too dignified" for them to have to "cadge" for payment.

# Senate Decides Dry Delegates Will Be Sent

WASHINGTON, Mar. 2.—Prohibited appropriation of \$7500 to meet the expenses of an American delegation to the forthcoming international congress against alcoholism at Copenhagen threatened for a time last night to bring a wet and dry division in the Senate.

The proposal, submitted as an amendment to the third deficiency appropriation bill, finally was adopted, without a record vote.

Senator Wadsworth, Republican, New York, asked what was the necessity for a delegation from an already sufficiently dry dry country, and Senator Norris, Republican, Nebraska, suggested the impossibility of obtaining the United States delegates who could qualify as experts before the congress.

Senator Stanley, Democrat, Kentucky, declared the delegation would be of immense value if it could demonstrate "the dangers of prohibition" to the Copenhagen meeting.

The resolution authorized appointment of as many as ten delegates, which, Senator Wadsworth said, was "more than we had at the Versailles conference."

"Well, we only had one there," replied Senator Willis, Republican, Ohio, author of the resolution. Willis insisted the United States could not afford to allow the impression to go out that, having adopted prohibition, she took no further interest in the subject.

The officers of the Carquinez chapter are: Master counselor, Leonard Wayne; senior counselor, E. Thornton; junior counselor, L. Dilford; treasurer, E. Howard; scribe, A. J. # 20 ARE JAILED IN WEST OAKLAND LOTTERIES RAID

## Alleged Chinese "Dens" Are Closed by Police As the Result of "Tip."

Twenty Chinese are in the custody of police today, following a series of raids last night personally directed by Police Chief James T. Drew and Captain J. Frank Lynch, against several Chinese lottery dens on Seventh street, West Oakland.

Eleven men were placed under arrest at one establishment seven at another and two at a third. They were all taken to the city prison and charged with violating gambling laws. All were released on bail.

The raids resulted from a police investigation into a "tip" received by Commissioner Frank Coubourn that twelve lottery dens were operating in full blast in the city and that they had been given "permission" to run in view of the approaching city election. The places raided were:

Buildings at 1576 Seventh street, eleven men arrested; 1736 Seventh street, seven men arrested, and 1736 Seventh street, where two men were taken into custody.

Besides the police chief and Captain Lynch, Corporal M. J. Buckley and Patrolmen W. Schaffer, E. P. Murphy, E. A. Yanneke and George Pardee took part in the raid.

Drew and Lynch last night organized a raiding party and swept down on the three places, where, in addition to the arrests, a mass of lottery equipment was seized. Additional raids are expected.

Seven men were arrested last night at a grocery store at 2301 Fourteenth avenue. Three of the men were charged with gambling and the remaining four with visiting a gambling resort. The raid was conducted by Patrolmen J. Wardack and George Pardee.

# FEBRUARY WENT FIFTY-FIFTY ON CLEAR WEATHER

There were fourteen clear days during the month of February, according to the monthly meteorological summary given out today by Professor Charles Burkhalter, in charge of the Chabot Observatory.

During the month there were 77 inches of rainfall, according to the report, bringing the total precipitation since July 1, 1922, up to 18.33 inches. Rain fell on four days during February. There were seven cloudy days and seven fair days. Frost was seen on eleven mornings and there were six mornings of fog.

# Radio Fans Will Hear Demonstration

RICHMOND, March 2.—Demonstration of a radio frequency set, featuring a new type of vacuum tube, will be given by the Richmond Radio club at the clubrooms next Thursday evening. The frequency set will receive without the aid of an antenna or ground connection, and it is said can be plainly heard.

The set was made by one of the members.

The demonstration will take place in the concert room from 8 to 10 o'clock.

# MERCED NOTES

MERCED, March 2.—Eighty-five covers were laid at the second annual county bazaar at the Hotel El Capitan last night. Among the distinguished guests were Vice-President E. O. McCormick, of the Southern Pacific; C. L. Seagraves, general colonization agent of the Santa Fe; Prater O. Ford, of San Jose, president of the California Real Estate Association; Glenn D. Williams, secretary and managing director, of Los Angeles, and Dr. Herman Janss, vice-president of the San Joaquin valley district with headquarters at Fresno. President N. D. Chamberlain presided.

The firm of Lounsbury & Shaffer dissolved yesterday when Mr. Shaffer Jr. moved into his new garage on Sixteenth street, and E. Lounsbury moved into the old building on M street adjoining the El Capitan hotel. The firm has been in business at the same place for more than ten years, and was the largest garage in Merced.

Mertens and company, public accountants, yesterday moved their Merced offices from their temporary location in the Shaffer building to permanent quarters in the Security bank building, where they will occupy three rooms.

Word was received here yesterday of the death in Berkeley of Miss Myrtle Wynne, formerly surgical nurse at the Merced county hospital, and at the time of her death in charge of the surgical room at the Berkeley infirmary.

# WALNUT CREEK

WALNUT CREEK, March 2.—Mrs. E. B. Bradley was on a shopping expedition in Oakland Monday afternoon.

Mr. and Mrs. Earl Hale of San Francisco were guests of Mr. and Mrs. Raymond Spencer. Mrs. Hale was Mrs. Nettie Monet of Walnut Creek prior to her marriage about a year ago.

Mrs. W. S. Withers, who has been visiting with her husband in Reno, Nev., has returned to her home at Brookwood Acres.

Reverend Boister and family have moved to the former Nougaret home. Mrs. Boister has been converted into the Mazon.

# Diamonds Stolen When Owner Moves

Box Diehl today reported to the police the loss of two diamond rings. The rings, he said, were stolen Monday while he was moving from his home at 559 Valia Vista to 1447 Park avenue, Alameda. The rings were supposed to have been placed in a jewel box, but when it was opened they were missing.

James E. Duhan, 6226 Herzog street, told the police that his wallet, containing \$130, was stolen by a pickpocket. He discovered his loss while talking to a friend at the corner of Tenth and Franklin streets.

A burglar using a passkey entered the apartment of Herbert Hooper, 531 Twenty-fourth street. He took jewelry and clothing valued at \$100.

A diamond ring valued at \$750 was reported stolen from the room of Mr. and Mrs. M. K. Walters, who are staying in the Hotel Oakland. Their room on the sixth floor was entered last night while the couple were having dinner. They reside at 1367 Hollywood boulevard, Los Angeles.

Prairie dogs are really ground squirrels, cleanly and vegetarian in habit and could be eaten.

# SPORT CONTESTS

## TO OCCUR ABROAD

NEW YORK, March 2.—The battleground of international rivalry in sports will shift this year from the United States to Great Britain.

The program of events arranged so far indicates that many of the fixtures in different branches of competition, contested on this side of the Atlantic last season, will take place abroad this year. In several instances the United States will defend its championship hon-

ors on foreign fields and waters. While the final Davis Cup matches will be held in this country again, with America defending

golf, yachting and track and field sports will be staged on the other side. The Walker Cup, emblematic of the amateur team of golf championship, successfully defended here last season by America, but unless several stars change their minds before spring, it is unlikely that the United States will be able to muster its strongest array for the invasion in May.

The American amateurs also will compete in the British individual tournament while several of America's foremost professionals are expected again to take part in the British open championship, won last year by Walter Hagen, American homebred star. At present it

is doubtful if any organized British invasion for the principal golf events in this country will be made.

American Cup, team trophy, and the Seawanhaka-Corinthian Cup individual trophy, among six-metre yachts, both will be staged in Scottish waters in August. The team cup was won off Long Island last summer by American craft, but the individual yacht prize was carried overseas by the British sloop Colla.

Harvard and Yale track stars have arranged to meet a combined Oxford and Cambridge team in England in July, and it is possible that this country also will be represented in international track and field meets at Paris in May, and Sweden in July.

Syracuse's lacrosse team will add to the flavor of international competition abroad.

# HAITI MAKES BIG

## ADVANCES UNDER U. S. LEADERSHIP

Americans Teaching Natives to Help Themselves Along All Civil Lines.

PORT-AU-PRINCE, Haiti, March 2.—The technical skill, the energy, the intelligence and the hard work of certain officers of the American navy, all are being expended in the interests of the island of Haiti and its people. And the year 1922 was one of peace and progress. Much was accomplished, and the work is still going on under American leadership. The Americans are teaching the Haitians to help themselves; they are endeavoring to train the Haitian personnel so that they may eventually displace all foreigners in island administration. Co-operation between the two elements, to this end, undoubtedly is making headway.

Early this year the American heads of departments made reports on the results of their labors in 1922 to John H. Russell, the American High Commissioner for Haiti, covering activities in the sanitary service, in fire protection, in police work, in public works, such as irrigation, road building and communications; in the better lighting of the coasts of Haiti, and in increased shipping.

**DISEASE WIPED OUT.** The so-called prison disease which in the old regime claimed 1200 out of an average of 2000 prisoners, has been reduced to a vanishing point. In 1922 the percentage of deaths in the prisons was 417. The death rate of the gendarmes, numbering 2414 Haitians, fell to the rate of 5.11 per thousand.

The completion of the intensive campaign against small pox assures the prevention of its spread for several years, and the recent severe epidemic of cholera, a form of bacilla dysentery, has been largely wiped out. That the Haitians are responding in greatly increased number to the free opportunities of American medical and medical treatment is evinced by the fact that in the year 22,316 applied for treatment, as compared to 7305 for the preceding year. Five free dispensaries were opened in interior sections where medical facilities were nonexistent for a radius of several miles.

The gendarmes have been encouraged in field and track sports, basketball, baseball, soccer and boxing, to their physical improvement. There has been a material decrease in crime in the island, and outside of vagabondage and petty theft the infractions of the law were inconsiderable. Only two automobiles were stolen in the year, and both were recovered within a short time. There has been no semblance of uprising or banditry.

**SCHOOLS FOR SOLDIERS.** All gendarmes, in addition to their military training, are receiving a free grammar school course that has encouraged enlistment and caused favorable comment among the Haitians. For the first time in its history every man in the gendarmerie has been thoroughly instructed in rifle practice and the contests held have developed marksmanship of a surprisingly high quality. The regulation of air vehicle traffic and the registration of foreigners were assumed by the gendarmerie in the closing months of the year.

Port-au-Prince is now protected against disastrous fires through the recent completion of a salt water high pressure system. The Department of Public Works has operated irrigation service in three of the leading plains where agriculture is almost wholly dependent upon irrigation, made preliminary investigations of other needed irrigation projects and determined that fully 100,000 acres of at present unproductive land in the great plain of the Artibonite are capable of irrigation. The newly completed diversion dam in the Mathieux river is also serving several thousand acres of land without tax to the water.

Work has been begun on a fifteen-mile stretch of road that, when completed, will cut the present time of travel by automobile between the capitals of Haiti and San Domingo from three days to one.

There are today 950 kilometers of road in operation throughout the republic. Forty bridges will be erected at inland points where traffic has been impossible in the rainy seasons.

**AUTOMATIC PHONES.** Port-au-Prince now has a new automatic telephone system which will be extended to care for 800 subscribers. Pole lines for a distance of 1500 kilometers were maintained in 1922 for the Haitian telephone service.

The figures for last year show that telegraph traffic increased 25 per cent. The lowered cost of operation and maintenance was 17 per cent.

Four new automatic flashing acetylene type of lighthouses, with a visibility of 18 miles, have been placed in commission in the past year. These additions to the lighting of Haiti's thousand miles of coastline, formerly regarded by seafaring men as the most dangerous stretch of coast in the West Indies, have given Haiti eight excellent lights. Other sites have been inspected and prepared that will afford a total of fifteen of the new automatic type of lighthouses.

There was a gain of 22 per cent in the tonnage of merchandise carried by both steam and sail craft into Haitian ports in 1922 over 1921. The total of steamships of foreign nationality that arrived and cleared for the year was 2297, with a total tonnage of merchandise of 115,957. The sailing vessels, both national and foreign, numbered 421 with a total tonnage of 36,186.

# California Pioneer Dies at Monterey

MONTEREY, March 2.—Nathaniel George Alexander Ingram, of Monterey, died last Saturday evening. Ingram was one of the pioneers in California, coming here with his parents when he was only twelve years old in an ox wagon. He was born at St. Joseph, Missouri, and crossed the plains shortly after the Donner party, following their route.

Forty-five years ago Ingram, who was a plasterer, came to Monterey with his wife. For the last 40 years he has made his home here.

# Manteca Family Will Move to Long Beach

MANTECA, March 2.—H. L. Bingham, pioneer farmer of this district, has sold his property interests and will move to Long Beach, where he will erect a handsome home. He leaves at once for the south, but his family will live in Manteca until the completion of the new residence.

## WOMAN HELD AS FORGER SUSPECT SEEKING \$50,250

Mrs. Anna M. Wright of San Francisco Sues San Jose Men for Damages.

SAN JOSE, March 2.—Charging that she was falsely and maliciously imprisoned in the county jail here on a charge of forgery on April 15, 1921, Mrs. Anna M. Wright, of San Francisco, yesterday brought suit for \$50,250 damages against C. G. Cunningham, local merchant; Sheriff George W. Lyle, Deputy Sheriff E. A. Raymond and three other men, believed to be San Francisco police officers, named merely as John Doe.

Mrs. Wright alleges that in April, 1921, Cunningham swore to a complaint charging one A. Scher with forgery. It being said that the defendant, a woman, passed a spurious check on the merchant. The complaint states further that Deputy Sheriff Raymond, Cunningham and others went to the home of Mr. and Mrs. Wright in San Francisco and arrested Mrs. Wright, compelling her to accompany them to the San Francisco police office and thence to the county jail here, where she was kept overnight. On the next day, the complaint alleges, Mrs. Wright was taken from the county jail and obliged to go to several stores and business houses, where attempts were made to have her identified as the bad check passer. No one would identify her as the guilty person, however, she alleges, and on order of Justice of the Peace C. L. Witten of this city she was released from custody. On January 15, this year, according to Mrs. Wright's complaint, the charge of forgery upon which she was based was dismissed by Justice of the Peace Witten.

Mrs. Wright alleges that she suffered in health as a result of being arrested. This injury, together with the alleged shunning of her and her husband by their friends, and the reflection on her damages to the extent of \$50,250, according to Mrs. Wright's complaint.

Mrs. Wright and her husband, G. Wright, also a plaintiff in the damage suit, reside at St. Nicholas hotel in San Francisco.

### Veterans' Home Items

VETERANS' HOME, March 2.—Colonel Russell C. Martin, commander of the home, was in Sacramento on business last Tuesday.

Another whist party was held at the G. A. R. hall Monday evening under the auspices of the headquarters staff. Many of the residents enjoyed themselves, and several useful prizes were carried off by the winners.

Comrade Clarence P. Riles is visiting relatives in Oakland and other bay cities.

Comrades Robert F. Tietz and Stephen T. Adams are late arrivals from the Soldiers' Home near Los Angeles.

John F. Noonan has left for San Francisco, where he will spend a few weeks.

Comrade J. H. Massey, formerly of Mare Island, has returned to that city.

The band concerts given by the Veterans' Home Military band every Sunday are attended by people from all over the county during the ideal spring weather.

James B. Althoff, from Ohio, is a recent arrival at the home.

Comrade Charles J. Bauer left yesterday for the Soldiers' Home near Los Angeles.

Comrade John W. Moore has returned from Reno, Nev., where he spent his vacation.

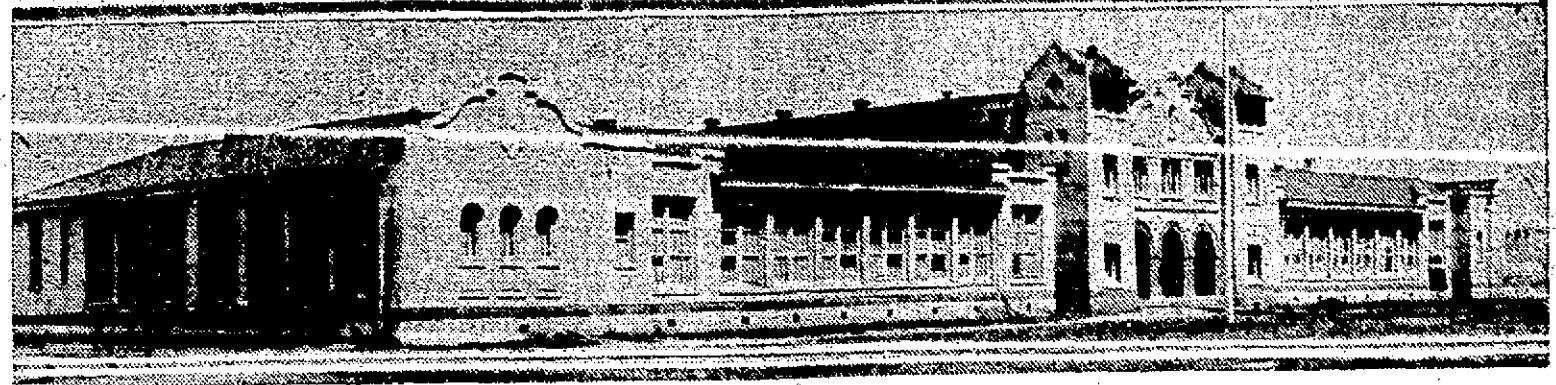

Garrett McGee, of the hospital force, is spending his vacation at Santa Cruz.

Colonel Russell C. Martin has sent an invitation to Troop 11 of the Oakland Council, Boy Scouts of America, to visit the home, May 29 and 30. The Scouts will camp on the home grounds and will put on a show on the night of the 29th.

On the following day, Memorial Day, they will assist in the exercises planned and take part in the program to be given at the Lincoln theater. Troop 11 is well known at the home, having put on one of its entertainments in December, 1920.

## Chaplin and Pola Negri Are Betrothed Again

(Continued from Page 1)

was shattered and mended again all within a few scant hours.

Incensed at Charlie's remark that he was "too poor to marry now," Pola worked herself into a suppressed rage during the afternoon while working on "The Cheat," at the Lasky lot.

At 5:30 she flew into the office of Manager Charles Eytan and told him her engagement to "Charlie" was ended—forever.

Of course the publicity men were called right in. Eytan had them look over the preliminary layout for a good press smash.

They prescribed a formal announcement—right away, in time to make the street editions of the morning papers.

Then they retired while Eytan drew up the statement from Pola's broken sentences.

The statement fairly stung off sparks on the subject of matrimony and wealth, read:

"I consider I am too poor to marry Charles Chaplin. He needs to marry a wealthy woman and I should have no difficulty in finding one in America—the richest and most beautiful country in the world."

Therefore I give Mr. Chaplin his freedom and release him from his engagement. I wish him the best of luck and I shall always be his devoted friend.

(Signed) POLA NEGRI.

The statement was rushed to the press in time for the street sale editions.

The fire was going and the publicity men didn't get out any fire extinguishers.

A MILLION DOLLARS WORTH OF PUBLICITY.

"A million dollars' worth of publicity," they said, and went home to bed to let the press take its course, which it did in double-edged, box-car headlines.

Of course, there had to be a "follow." City editors rushed their best reporters out to see what Charlie thought. But Charlie could not be located at once.

Glimpses of his limousine had been seen dashing about in all parts of Hollywood. He had been to the Lasky studio long enough to get a short on the news. Charlie had fired the report.

He was in time for the street editions of the morning papers. He visited friends, nearly frantic, and asked their advice.

Then he rushed to Pola's home, where he forced his way past a dumbfounded maid.

WAS HE IMPLYING SHE WAS A "GOLD DIGGER"?

Thereupon ensued a scene never seen in one of Charlie's comedies. Instead of sliding around a corner on one foot, the comedy king was down on his knees, according to authentic reports, begging the beautiful Polish tragedy queen to rescind her decision.

Pola was cold, she was haughty, she was stormy. She tore things up in tremendous style.

His statement plainly indicated that he wished to be free—that he was trying to postpone their engagement indefinitely.

"Did he mean to imply she was a 'gold digger'?"

Charlie explained and explained—being "too poor to marry" was a standing joke in America. He had only made it in jest to a reporter in order to explain why they were not to marry at once.

Pola became highly excited and dramatically refused to hear more. She rushed upstairs while the comedy king stood at the bottom of the broad staircase, pouring out his anguished plea for another chance.

BEAUTIFUL POLA CONSENTS TO LISTEN.

Charlie refused to leave. He sent messengers by the maid. And at last the beautiful Polish actress consented to listen to it all over again in a cooler mood.

After that visitors were barred, but both Pola and Charlie finally sent word that it was all over and that Charlie wasn't to be "given the rate" after all.

CHARLIE WORKS FAST IN LOVE AS ON SCREEN.

LOS ANGELES, March 2.—(By International News Service.)—Charlie Chaplin works fast in love as well as on the screen.

Eight hours after Pola Negri had announced she had broken her engagement to the comedy king, Chaplin early today was able to announce a reconciliation. The Polish screen star confirmed it.

Miss Elsie Herve, Miss Negri's secretary, announced:

Miss Negri has asked me to say that there has been a reconciliation. She is under a severe nervous strain and cannot be seen. She wouldn't say anything else.

COMEDIAN EXPLAINS "LITTLE MISUNDERSTANDING."

"Three days ago we had a little misunderstanding over the telephone—just a 'tiff,' Chaplin explained after being informed Miss Negri had broken the engagement and before he had seen her. "Just a lovers' quarrel. Nothing else. We didn't see each other that day, the next, nor so far today."

Then there was a little story about my being too poor to marry. I made the statement rather casually and never thought much about it. What I meant was that I had to finish my picture first and get some money. I never thought she would pay any attention to it, and did not know much about it until I learned Miss Negri had done—well, you know."

Just when Chaplin and Miss Negri will wed is unknown, but it is believed that in the face of the new turn of things the wedding will take place very soon.

In the early hours of the morning, the little comedian came out to his car, still running his nervous fingers through his graying hair.

Yes, it was all over. It was a regrettable misunderstanding, but it was all fixed up now, he admitted.

And the publicity men gleefully rushed forth with the news—for the afternoon papers—that Charlie and Pola would get another million dollars' worth of free publicity today.

Charlie owns \$50,000 in bonds in one of the reclamation districts in Sutter county. These and other bonds are distributed all over the country. The interest coupons being sent in from every corner of the United States.

## Charley Chaplin Has \$50,000 Bonds In Sutter County

YUBA CITY, Mar. 2.—Charley Chaplin has an interest in Sutter county. He may not know where Sutter county is or what it produces, but he is interested to the extent of \$50,000 in cold cash.

Charley collects \$5000 a year from Sutter county taxpayers. It is paid to him in two installments of \$2500 each, and one of these installments was paid a few days ago, the amount being turned over to the First National bank here to be forwarded to Charley's bank in Los Angeles.

Former Suitor of Pola to Visit L. A.

LOS ANGELES, March 2.—It was recalled here today that Tada Styka, Polish portrait painter, said to have been a former suitor of Pola Negri's, is expected to visit Los Angeles soon.

Styka, who is now in Beverly Hills, ostensibly purchased recently by Tita Rufo, singer, was destined to become the property of his close friend, Styka. The artist was said to have refused to exhibit a portrait he had painted of Miss Negri recently when he learned of her engagement to Charlie Chaplin.

The interest was maintained when the principals officially confirmed the rumors at Pebble Beach, near Del Monte, on January 28.

CHARLIE HAPPIEST MAN IN WORLD JANUARY 28.

At that time Chaplin declared he was "the happiest man in the world," and Miss Negri indicated she was very well pleased, indeed, with "Charlie," as she calls him.

So everything seemed to be running smoothly and everybody was expecting the date for the wedding soon would be set definitely until yesterday, when Chaplin was quoted as stating: "I am too poor to get married just now."

Twelve hours later Miss Negri issued a statement reading:

"I consider I am too poor to marry Charles Chaplin."

"A WOMAN MUST LEARN BY EXPERIENCE."

Pressed for details, the tragedienne's lips trembled and her eyes filled with tears as she replied:

"There were a thousand things. It is another experience. A woman must learn by experience. I have learned. Now I will live only for my work. All the best—the happy days—are dead to me. It is all over."

Chaplin, being a comedienne, said, "Oh," and "is that so?" when newspapermen informed him of what Miss Negri had done and said, and hung up the telephone and barred his friends from his home while he thought.

With the first approach of spring weather the members of the Marysville Fire Department have organized a baseball team. The department has issued a challenge to all corners of the Sacramento valley in the national pastime, and are prepared to put a team in the field that will hold its own with any and all amateur baseball nines.

Spencer D. Miller, contractor of Modesto, advised that the \$2500 from the Ridgeout branch of the Bank of Italy here under false pretenses, went on trial today before a jury composed of eight men and four women. Miller was charged with the Ridgeout branch of the Bank of Italy here under false pretenses, went on trial today before a jury composed of eight men and four women.

It was rumored last night that a few little tiffs had marred their happiness in the last few weeks which may have been what Miss Negri thought.

quoted last night as sobbingly stating:

"It was so from the first. He was so—so—oh, I cannot say it. Three days I thought I would do this thing and three nights I have not slept. But today, today, I made up my mind."

Even at that, though, she said she lacked the courage to tell Charlie to his face that she had decided to free him so he might marry a "wealthy woman," but sent the news by her "best friend," whose identity was not further disclosed. After that the notified press, personally dispensing type-written statements that her romance was ended, "a cold, dead thing."

But all the agony, all the tears, all the sobs are over now, and the latest report is that because of the tiffs and the briefly broken engagement, Miss Negri will become Mrs. Charles Spencer Chaplin much sooner than otherwise would have been the case.

## MODESTO MAYOR WILL RUN AGAIN

MODESTO, March 2.—Mayor Sol P. Elias and Councilman Albert Oswald will be candidates for reelection at the city election April 10, they announced today.

R. S. Marshall, commissioner of public supplies, declared he does not intend to run for reelection. Candidates have until the close of business, March 10, to file petitions.

Elias has proved one of the most vigorous candidates in the history of Modesto. He was elected at a special election last fall by a two to one vote over L. L. Dennett, state senator from this district.

Councilman E. J. Boudney and T. H. Prewett, who were not opposed at the special election, have two more years of their term of office before them.

Jury Decides Death Result of Accident

DANVILLE, March 2.—A verdict of accidental death was returned by a coroner's jury following an investigation into the death of Jerome Mendonca of Pleasanton, killed here December 24, when his automobile was struck by a train of the San Francisco-Sacramento railroad. Others of Mendonca's family who were in the car were injured. Testimony was to the effect that the train whistle was sounded as the crossing was approached, that the train was proceeding at a moderate rate of speed and that there was a heavy rainstorm at the time. The jury was unable to fix responsibility.

New Postmaster in Charge at Oakdale

OAKDALE, March 2.—W. H. Garland has taken over the office of postmaster here and Wright, who held it for eight years, will become a department manager for the Oakdale Mercantile company. Garland was recently appointed. He is a large land owner and former cattleman, who before coming here a few years ago lived in Sonoma.

MARYSVILLE

MARYSVILLE, March 2.—A broad, shallow mound on a huge boulder containing the names of the dead heroes in memoriam of American soldiers of all wars who were killed in action, died from wounds or from disease, the claim of the city of Marysville, will be presented to the city, to be placed in Cortez square. It was dedicated Wednesday night at a meeting of Bishop-Lingenbach post, Veterans of Foreign Wars. The veterans of each regiment and division of each dead soldier will be placed on the tablet. The post also voted to hold memorial services for the soldier and sailor dead on May 30, Memorial Day.

With the first approach of spring weather the members of the Marysville Fire Department have organized a baseball team. The department has issued a challenge to all corners of the Sacramento valley in the national pastime, and are prepared to put a team in the field that will hold its own with any and all amateur baseball nines.

## GIRL APPOINTED DEPUTY CLERK IN JUSTICE COURT

Helen R. MacGregor, Former Clerk With Brilliant Record, Gets Post.

With a brilliant record in the University of California to her credit, which ended with her first admission to the bar in August, 1922, Miss Helen R. MacGregor, daughter of John Ryle MacGregor, former Oakland councilman-at-large, has received the distinction of being selected by Judge Harry W. Puffer as his deputy clerk in Oakland township justice court.

Miss MacGregor was appointed to the position to succeed J. Ashton Plinn, who has been promoted to the position of court clerk to fill a vacancy left by the death of Thomas E. Read, Plinn, who resides at 1799 University avenue, Berkeley, has filled the position of deputy clerk with Judge Puffer for four years. He is past president of Berkeley parlor, N. S. G. V. During the war he was in the aviation service at Fort Worth and Kelly Field.

Miss MacGregor graduated from the university with the class of 1920 and received her degree of A.B. in August, 1922. She is past president of Kappa Beta Phi, the local sorority, and was on the staff of the California Law Review, the paper published in the interests of law students at the University of California, at Santa Cruz, Alpha. Miss MacGregor resides with her parents at 731 Sixtieth street.

SANTA CRUZ

SANTA CRUZ, March 2.—Colonel Francis Endicott, who has been transferred from the 6th Infantry, stationed at Nogales to the 31st Infantry at Manila, the guard to the Philippines, stopped at Santa Cruz on his way to San Francisco, where he boarded the train for Manila, has been visiting his friends, Dr. and Mrs. Stanley Dowling.

The Girls Honor Society of the high school at a business session elected four teachers to membership, Mrs. J. Santerson, Mrs. Mabel Chase Grever, Mrs. Miller and Miss Margaret Aherne.

The Daughters of the Veterans were entertained Thursday at the Anthony home to honor the department president, Mrs. Stoner and the department vice-president, Mrs. Daugherty, both of Los Angeles.

Manzanilla Council Degree of Locusts, held an old-fashioned dance and banquet at the home of Mrs. J. Santerson, Mrs. Mabel Chase Grever, Mrs. Miller and Miss Margaret Aherne.

Mrs. Seth Ryder, Mrs. Otto Jensen and Miss Mayne Cassidy were the hostesses at the last meeting of the Native Daughters of the Golden West and served the refreshments for the affair.

County Recorder Mrs. Belle Lindsay has returned from the County Recorders' convention at Sacramento, where she was elected second vice-president.

Mrs. Fred McPherson entertained at a choir party Thursday evening at her home after the rehearsal of the Easter music.

Y.M.C.A. of Modesto Will Plan New Home

MODESTO, March 2.—Plans for a campaign to put over a new building for the Y. M. C. A. here will be mapped out next week during the stay of Ralph Cole, state secretary for boys' work of the association, who is under the leadership of the Y. M. C. A. local secretary, announced the plans of Cole.

The Presbyterian church, which has been leasing rooms to the Y. M. C. A., has recalled its lease, which expires in June. Hazard has said that if the Y. M. C. A. does not build it will discontinue its use.

Car Company Wins Santa Cruz Election

SANTA CRUZ, March 2.—Voters of Santa Cruz at its special election Wednesday voted to amend the city charter exempting the Union Traction company from the cost of paving its tracks by a majority of 143. Only 244 votes were cast. This means that the traction company, which had threatened to give up its franchise and deprive Santa Cruz of its only means of public transportation, will continue to operate here.

KNIGHTSEN NOTES

KNIGHTSEN, March 2.—John Will R. Sharkey, state senator from this district, will speak before the Farm Center tonight on legislative topics. R. R. Arnold, county engineer, will also be present and speak on the proposed auto law.

Mrs. R. A. Jackson and son, Tommy, of Los Angeles, are visiting at the home of her parents, Mr. and Mrs. J. A. Cantrell.

Mr. and Mrs. A. Boxen are in Oakland for a few days' visit with relatives.

Walter Hamilton of Oakland is visiting his brother Russell.

Knightsen is to have an up-to-date painting establishment. J. W. Mings and Sons have leased the vacant store building of George W. Knight and are busy fitting it up. They plan to put in a stock of wall papers and paints, to do painting and interior decorating and auto painting. This family came from Florence, Colorado, a short time ago, purchased property here and will make this their home.

Postal Inspector Lauds Local Work

SAN LEANDRO, March 2.—"A clean bill of fare" was the way the United States postal inspector lauded the conduct of the San Leandro postoffice, according to M. J. Andrade, postmaster. That the local department was well caught up in everything, was thoroughly efficient and handled all mail in a commendable manner, was further stated by the inspector, who was mentioned. The postoffice system here is one of the finest and best conducted in the state, according to the examining official.

Tax Collector Sells Delinquent's Property

NEWMAN, March 2.—Property of one delinquent was sold Wednesday by Tax Collector R. J. Kernahan for city taxes and street improvement assessments. No bidders appearing, the city bid in the entire lot, sum ranging from \$2.60 to \$165. Two aged brothers, John H. and Harrison S. Hearn, asked the city to take a deed to their property, as they were unable to meet the delinquencies, amounting to \$40 each.

New \$80,000 Union High Is Dedicated

OAKDALE, March 2.—The new \$80,000 Union High school was dedicated today with fitting ceremonies. The principal speakers were A. G. Blinn, county superintendent of schools, and C. S. Morris, principal of the Junior College at Modesto. A great assemblage gathered at the school, and at the conclusion of the exercises work through the building, which was constructed with a view to taking care of increasing attendance for years to come.

Four Badly Burned In Furnace Blowup

DETROIT, Mich., March 2.—(By International News Service.)—Four persons were burned seriously, two of them possibly fatally, when molten metal exploded today in a blast furnace at the Hanna Furnace Company's plant at River Rouge, causing a \$25,000 fire.

as a porridge**

For a quick, hot breakfast—that's all  
nourishment—do this:  
Put two Shredded Wheat Biscuits in a  
small saucepan; add salt and enough water  
to cover the bottom of the pan; stir and boil  
until thick. Then serve with milk or cream.  
Or, to preserve the crisp golden shreds of  
the biscuits—merely serve with hot milk.  
You'll never know the real delights of a  
hot cereal until you've made a whole-wheat  
cereal from Shredded Wheat.

Shredded Wheat is 100% whole wheat,  
ready-cooked and ready-to-eat. A per-  
fect, delicious food for any meal of the  
day. Serve it simply with milk or cream,  
or topped with berries or fruits. Con-  
tains all the bran you need to stimulate  
bowel movement. It is salt-free and un-  
sweetened—you season it to your taste.  
Triscuit is the Shredded Wheat Cracker

possessions of the United States.  
Members of the United States  
Coal Commission will go out into  
the coal fields, to get first hand  
information regarding this troubled  
industry.

Members of the senate forestry  
committee, will visit many of the  
timber regions, in order to recom-

**FREE TRIP TO EUROPE**  
The Leviathan, America's great-  
est liner, will inaugurate its re-  
turn to active service with a free  
trip to Europe for government of-  
ficials and congressmen. This  
probably will be in April.  
Several senators and house mem-  
bers will go to Europe. Among  
them are some presidential possi-  
bilities. Senator Underwood, of  
Alabama, left a few days ago for  
the old world, and he will be fol-  
lowed by Senators Johnson, Borah  
and Moses, three of the leading re-  
publicans in the "Mr. Doan" treaty fight.

Later in the summer, President  
Harding probably will visit the mid-  
dle east, far west, making several  
speeches. He may reach Alaska,  
but this is not regarded as prob-  
able.  
Senators Kellogg and Pomerene

both defeated for re-election, will  
journey to the Pan-American con-  
ference at Santiago, Chile, as mem-  
bers of the American delegation.  
Secretary of State Hughes is one  
of the few state officials who turned  
down a real chance to leave Wash-  
ington. He will not visit South  
America and, with the absence of  
the President and Vice-President,  
will be the ranking government  
official in Washington.

**CALL SAYS FAREWELL**  
Secretary of the Interior Fall to-  
day bade his fellow cabinet mem-  
bers farewell, as he rose from the  
cabinet table for the last time after  
today's session and left the White  
House to resume his private career.  
Secretary Fall will shortly return  
to his home in New Mexico, where  
he will devote himself again to his  
large business interests in the  
southwest.

**STOWAWAYS ARE  
CALLED MENAGE**

By F. A. WRAY.  
International News Service Staff  
Correspondent.

LONDON.—British  
steamship companies have declared  
war on the "stowaway." They say  
he is not merely a nuisance but a  
public danger.

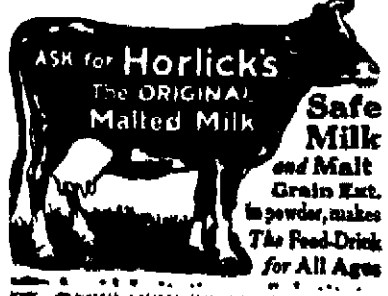

Companies assert that American  
seamen started the practice and  
that an organized trade is now in  
existence to get stowaways across  
the Atlantic from British ships. A  
big haul of sixteen "non-paying"  
passengers on the Clyde recently  
has strengthened their belief.  
It is stated that scores of unem-  
ployed Englishmen have seeped  
together the necessary five pounds  
in order to cross the Atlantic, but  
it is believed that not a single one  
of them will succeed in landing in  
the United States. Most of them  
are discovered before the ship  
leaves the British coast, while the  
rest are invariably detected by  
United States immigration officials.  
The case against the stowaway  
is not merely that he has to be re-  
turned and brought back to England.  
There is the added danger of his  
causing flies.

Several of the big transatlantic  
lines have recently been fitted  
with a system of pipes to all com-  
partments, the idea being that if  
any smouldering fire took place  
the smoke would be sucked along  
them and discharged under the  
nose of the officer on duty on the  
bridge.

One officer was surprised to get  
a strong whiff of tobacco through  
his tube. Investigation brought to  
light a stowaway smoking a smoke  
in the midst of a highly inflamm-  
able cargo, thus repelling more  
than 1,000 passengers.

**Upshaw Would  
Increase Solons'  
Salary to \$10,000**

WASHINGTON, March 2.—  
Declaring some of the strongest  
men in the House had contended  
to him that they would have to  
borrow money to take their fami-  
lies home after March 1, Repre-  
sentative Upshaw, Democrat  
of Georgia, introduced a reso-  
lution to increase the sal-  
aries of congressmen to \$10,000 a year.  
Upshaw quoted the late  
President K. Lane, Secretary of  
the Interior, as having said "You  
Congressmen would increase  
your salaries to at least \$10,000  
a year, if you were not a pack  
of covetous" and a crowd of con-  
gressmen I am not afraid I sup-  
pose I will be reviled, criticized  
for this but I am willing to suf-  
fer for the good of the order."  
The resolution also would in-  
crease the compensation of dele-  
gates and resident commissioners  
of Porto Rico and the Philip-  
pines to \$10,000. Upshaw said  
he came to Congress with the  
idea that he could cut down  
half his pay, but had learned  
that it was not equal to the  
countless demands upon it.

## RUIN INVASION RUIN INVASION ADDS TO LOAD OF FRENCH DEBT

**Poincare's Government Finds  
Problems of Raising Fund  
Gigantic.**

By J. W. T. MASON.  
(Written for the United Press.)  
PARIS (By mail to United  
Press).—Seizure of the Ruhr coal  
area by France is not resulting in  
any material increase in the Ger-  
man indemnity payments. No  
estimate, by French financiers can  
find a way to balancing France's  
budget because of the Ruhr opera-  
tions. The borrowings of France  
must continue for government ex-  
penses to be met.

This fact is not being empha-  
sized by the ministry, but it is the  
determining factor in the present  
chaotic situation. France has no  
normal way left for improving  
her financial position. There are  
prophets who predict that before  
long it will be apparent that all  
the allies, including France, will  
be at a loss to pay the German  
because of the Ruhr action than  
would have been the case if  
France had not taken over the  
coal basin. This would make  
France's financial position even  
more precarious.

The last French budget will  
bring about a crisis which may  
send the franc down to perilous  
levels. New domestic loans must  
then be considered by the French  
people, for it is impossible for  
France to get any considerable  
amount of credit abroad. The  
only alternative to these loans is  
the device of issuing more paper  
money, without security, and cred-  
iting it to hypothetical payments  
to be secured from Germany in  
the nebulous future. Even this  
plan can last only a short while.

**AFRAID TO INCREASE TAXES.**  
The French government is afraid  
to increase taxes to the amount  
that must be raised if France is  
to be saved from financial disaster.  
It would be as much as the  
life of any nation to do this. The French nation as a  
whole does not at all realize the  
seriousness of its financial situa-  
tion and refuses to believe the few  
courageous men who explain the  
truth. In consequence, any con-  
siderable extra taxation would be  
regarded by the people as a con-  
fession that the government had  
been defeated in the financial bat-  
tle by Germany. A new ministry  
would be called to power, charged  
to devise new means for making  
Germany pay instead of the  
French taxpayers.

The financial danger to France  
is now so great that there is an  
almost irresistible influence at work  
impelling the government to de-  
stroy the Ruhr coal fields outright.  
This could be accomplished if  
France were to annex on the pre-  
text of military necessity, the west  
bank of the Rhine, across the river  
from the Ruhr. The Ruhr coal  
veins run under the Rhine and  
emerge on the west side.

**FRANCE IS AFRAID.**  
The actual annexation of the  
Ruhr itself would so outrage the  
public sentiment of the world,  
that France does not consider tak-  
ing such a step for the time being.  
But, the left bank of the Rhine  
is another matter. Its vast wealth  
once possessed by the French gov-  
ernment, would go a considerable  
way toward righting France's ter-  
rible financial tangle. The French  
nationalists believe that once the  
world were presented with an ac-  
complished fact of this kind, it  
would be accepted.

Bad feelings might be created,  
but the French would shrug their  
shoulders and plead it was either  
Germany's life or theirs. Protests  
by German property owners whose  
property would be lost, would be  
met by the response that they  
must look to the German govern-  
ment for reimbursement. This  
plan is being enthusiastically dis-  
cussed among the French national-  
ists and is among the possibilities  
of the not remote future.

## Civic Problems Will Be Discussed

ALAMEDA, March 2.—Civic  
problems of Alameda are to be  
considered jointly by the heads of  
all departments of the city govern-  
ment at a round table discussion  
next Monday, which will be pre-  
ceded by a luncheon to be held in  
a Park street cafe as announced  
this morning by C. E. Hickok, city  
manager.

A brief resume of the workings  
of each department will be given,  
to be followed by a general discus-  
sion. The heads of the various de-  
partments to attend the meeting  
includes Mrs. English Spurr, Miss  
V. Leach, Miss Zelenka Euben, Dr.  
Arthur Hieronymus, Dr. Tom Car-  
penter, A. C. Benton, William H.  
Wannum, William J. Locke, Wil-

## Helen Wills Will Play in Stockton

STOCKTON, March 2.—The local  
tennis club announces that  
Miss Helen Wills of Berkeley, third  
ranking women's singles tennis  
player in 1922, will give an exhibi-  
tion here Sunday, March 11. Dr.  
Dewey Powell, San Joaquin valley  
singles champion, will be her op-  
ponent. The match will be an  
added feature for the local open-  
ing of the Northern California In-  
ter-club Tennis league.

George III Descended to  
Woman, Is Claim.

COOTHAM COMMON, Sussex, England, March 2.—Another claimant has arisen to a share in a fortune of \$500,000,000, said to consist in title to extensive lands in the city of New York. Robert Edwards, who is King George III. Since the expiration of the lease various unsuccessful claims have been advanced, but the lawyers of Mrs. Mary Jane Harrison of Cootham Common, Sussex, the wife of a laborer, tell her they think she has a chance.

It seems that at the end of the eighteenth century a certain Robert Edwards of Perth, Scotland, emigrated to America, made money and purchased land. This land, which he obtained for a comparative trifle on account of its marshy nature, he afterwards leased to King George III for ninety-nine years, and after the War of Independence it passed to the United States. It is now a part of the site of the city of New York. Robert Edwards was drowned while returning to Scotland from America, and efforts to trace his brothers and sisters failed.

It is known that the eldest

# Chilly Breeze IS LIFE-Saver To Sleepwalker

SAN FRANCISCO, March 2.—The sudden change in the weather bringing a cool breeze and some moisture was responsible for saving the life of Edward Hooper, a business man of 495 Valencia street early today. Hooper is in the habit of sleeping with his window wide open. The chill air caused him to close the lower pane about midnight. At five o'clock this morning he walked in his sleep and made directly for the window. His apartment is on the fourth floor and he would have plunged to the sidewalk. Instead he had dashed his right arm through the glass, slashing it and severing an artery. The pain and spurting blood awakened him and, unable to stop the bleeding, he hurried to the street. Edward Fitzgerald of 1084 Camp street, passing motorist, conveyed him to the Mission Emergency hospital.

brother of the Edwards family was called John, and Mrs. Harrison claims to be the eldest child of Samuel Richard Edwards, himself the son of John Edwards, brother of Robert.

The argument is advanced here that, according to American law, money reverts to the United States if no successful claimant appears within 100 years of the death of the legatee. Mrs. Harrison, believing herself entitled to a share of the fortune of a long deceased Scottish-American millionaire, hopes to be able to prove her claim within a short time.

# MARITAL MIXUP BARED IN WIFE'S SUIT FOR CHILD

Woman Never Divorced, At-  
torney Shows at Trial;  
Present Husband Loyal.

Mrs. Ethel Denike Snyder Wade today faces the task of untangling herself from a marital mixup which was uncovered during a hearing before Superior Judge E. C. Robinson when she appeared in his court in an attempt to secure the guardianship of her daughter, Miriam Denike, an Alameda convent pupil.

It was while she was on the witness stand at the court hearing yesterday afternoon that she was informed by Attorney Frank Hain that her former husband, Ivor Snyder, who filed suit for divorce against her in Seattle, Washington, had never procured a decree. "But I was served with papers in the divorce suit," sobbed Mrs. Wade, who completely broke down. "Did the papers with which you were served include a copy of the decree of divorce?" asked Judge Robinson.

Upon the answer of the witness that she did not know, Attorney Hain produced a letter from the county clerk in Seattle in which it was stated that while Snyder had filed suit in 1919 and the summons had been issued and default taken, no further action was on record in the court, showing that the decree had never been issued.

CASE CONTINUED. "There is no use putting on further testimony in this case," said Judge Robinson. The court continued the matter for two months, during which time Attorney E. A. Duncan, representing Mrs. Wade, said he would make a complete and thorough investigation of the case and he prepared to report his findings to the court.

The testimony given by Mrs. Wade developed the fact that she married Albert C. Denike, of San Jose, in 1916. He was a gunner on the U. S. S. Pittsburgh. She secured a divorce from him and the custody of the child, Miriam, was given to her. Some months later she agreed to guardianship being granted to her husband's father and mother, Albert R. Denike, of San Jose, and Martha Denike, at present employed as a housekeeper at 2733 Claremont boulevard, Berkeley.

In March, 1922, Denike resigned as guardian, setting forth that he and his wife had been divorced and that she had moved from San Jose to Oakland. Mrs. Wade testified that in 1917 she went to Seattle where she remained until 1919. Returning to Oakland she married William Wade, 558 Jersey street, San Francisco, an employee of the American Express company. In her testimony Mrs. Wade made no mention of her marriage to Snyder in Seattle, this fact being brought out under cross-examination. In answer to questions by Attorney Hain she told of her marriage there in 1917 and said that her husband sued for divorce, securing the decree after she left turned to Oakland and married William Wade in this city in June, 1919. Superior Judge Mortimer Smith, at that time serving on the police bench, performing the ceremony.

Following the court session, Wade, who was a spectator in the court during the testimony, announced that he would stick by his wife.

HUSBAND LOYAL. "I love her," said Wade. "She is a wonderful woman. I will see that if that divorce was not granted she gets it as soon as possible. Then we will start over again and she will have her child if the court will give the little one to her." Attorneys interested in the case stated in court that the only procedure open was to find Snyder and persuade him to prosecute the divorce suit to a conclusion. A suit for annulment of the marriage between Wade and his wife also will have to be prosecuted. When these two actions are concluded the Wades will be free to remarry. If Snyder cannot be found Mrs. Wade will have to sue for divorce and will be compelled, under the California law, to wait for a year before she can secure a final decree and remarry.

In the meantime the guardianship of the child will remain with the grandmother, according to today's intimation from Judge Robinson.

Japanese Merchant Slain and Robbed VACAVILLE, March 2.—After shooting to death Kuzui Makamura, a Japanese merchant, a provision store here, early this morning, the robber ransacked his victim's clothes and safe, securing \$50, according to investigations made by Joseph Stadtseldt, Vacaville constable. According to the story told by the store owner, Makamura, who was at the time of the murder, a man entered the store between 3 and 4 o'clock through a skylight in the rear. Coming into their room he tied the woman and her husband, Mrs. Makamura, says, then began a search for a key to the safe. Her husband having refused to tell where it was. When the robber started into the front of the store Makamura freed himself and followed the man. The robber shot him three times. The robber conversed with Makamura in the Japanese language, Constable Stadtseldt's report shows. Sheriff J. J. McDonald of Solano county has taken charge of the investigation.

African Hunter and Wife Ask Divorce CHICAGO, March 2.—(By the Associated Press.)—Big game hunting exploits of Carl E. Akley, famous hunter and naturalist, and his wife, no less renowned as a hunter in the jungles of Africa, were recalled here today as an announcement was made that their marital troubles, each seeking divorce on the ground of desertion, would be heard here March 22. Four times Mrs. Akley's announcement was made that she was the big game hunter's wife, but she was not heard.

BERKELEY, March 2.—"Are my lips on straight?" and "Is my nose shiny?" are not the only questions that interest the co-eds of the University of California. Problems such as "Should governments own the railways?" and "Is the French occupation of Ruhr 'justifiable'?" claim their share of attention. As an indication of the interest in world affairs among the women students is the announcement of debating teams which will be sent to meet other women's teams in Reed College, Willamette, Oregon Agricultural, Oregon, Stanford and Mills universities.

The five girls who have been chosen because of their ability in the art of forensics are: Juana Allram, Veronica Trimble, Maria Staunton, Marion Harrow, Violet Lekaka and Geraldine Hunt. There are three debating societies on the college campus open to women students, the freshmen, Parliament and Philonian societies, and each organization has a membership of about thirty co-eds.

Allies Unable to Pay Rhine Army Cost PARIS, March 2.—(By the Associated Press.)—That the United States could be easily reimbursed for the cost of its Rhine army if Germany would pay sums regularly on the reparations account, was expressed at yesterday's conference between Eliot Wadsworth, assistant secretary of the treasury, and the financial representative of the allies. Germany has suspended payment to the allies and there is no immediate prospect of either money or goods with which the United States might be paid.

# War Wounded Make Ornaments of Copper Stills

(By International News Service.) LOS ANGELES, March 2.—A new use for the copper ware used by moonshiners in the illicit manufacture of prohibited liquors has been found by United States Marshal Stiel. Instead of selling the weakened stills, filters and other copper utensils seized by prohibition agents to junk dealers who pay little for them, the marshal, with the consent of Federal Judges Hedges and Tippet, is sending the copper ware to disabled soldiers, who convert it into desk ornaments, book holders and other useful articles.

# LINCOLN A SCION OF HANKS FAMILY, SAYS AUTHORITY

Rev. W.E. Barton of Chicago  
Historical Society Tells  
of His Researches.

CHICAGO, March 2.—Tradition that Abraham Lincoln was descended through the Hanks family, advanced by some historians and disputed by others, was upheld here by Rev. William E. Barton, of the Chicago Historical Society. Dr. Barton in a lecture explained points of uncertainty in that theory advanced by the biographers, Nicolay and Hay. Dr. Barton's conclusions were based on discovery of ancient records in court houses and family Bibles in Kentucky, he said.

His lecture was characterized by himself as to severe and earnest piece of historical investigation which has required years of industry. Dr. Barton is the author of an exhaustive work on "The Paternity of Abraham Lincoln." The basis for the accepted but incorrect theory of ancestry, according to Dr. Barton, was a will of Joseph Hanks, great-grandfather of Lincoln, in which he bequeathed a helter to each of three daughters—Polly, Elizabeth, and Nancy—and made no mention of another daughter. There was another daughter, however, of the name of Lucy, living away from the family. Dr. Barton declares, and she was the grandmother of Lincoln. The pedigree disputed by Dr. Barton traces Lincoln's ancestry from one Thomas Sparrow and his wife, Elizabeth Shipley, who were the parents of Nancy Sparrow, said to be Lincoln's mother. Dr. Barton's research led to an obscure corner of Kentucky. "There reside literally hundreds

Among the new things shown in its fashion pages are:

- The dress made of a shawl.
- The sports dress with a cape back.
- The new flounced frock.
- The dress with a matching scarf.
- The skirt with flat back and full front.
- The dress with six pockets.

Two pages of French hats which a jury of great Paris milliners chose as best for spring. Irene Castle wears them.

Cables from The Journal's Paris office tell of lines and linings, sleeves, waist-lines, colors, fabrics and trimmings.

THE LADIES' HOME JOURNAL makes fashions:

The Journal sponsored the tight-waisted, bouffant-skirted frock, the bertha collar, the side-draped dress, the cape-backed dress and many others.

The Journal first brought to America the popular handkerchief mode.

If you buy your clothes ready-made, read The Journal's fashion news pages; if you make them, you can use its patterns with confidence.

Clothes that follow Journal fashions will be in style for at least two years.

# Women's Clubs Will Consider State Budget

By EDNA B. KINARD.

The state budget as presented by Governor Friend Richardson to the state legislature has inspired an important mass meeting of the citizens of Alameda county in Ashland hall tonight. Since the budget has been publicly announced it has created wide discussion. Protests have been made at lowered appropriations in the instances of many state programs and commissions. To fully understand the attitude of the state's executive and to permit many of the protesters an opportunity to present their arguments, Alameda district, California Federation of Women's Clubs, with the cooperation of Oakland League of Women Voters, has arranged a special program which will be open to the general public. Special invitations, however, have gone out to many organizations asking members to participate in the meeting.

Mrs. Nellie E. Pierce, the woman who has had most to do with the framing of the state budget; Lieutenant Governor C. C. Young, Paul Scharrenberg, representing the state housing and immigration commission, and Manuel Cohen, representing the state board of education, will be the principal speakers.

Mrs. George A. Rigg, president of the district federation, will preside as chairman.

The official call for the fourth annual convention of the National League of Women Voters which will be held in Des Moines, Iowa, April 9 to 14, is being received. Among the brilliant speakers who will participate in the week's programs are Mrs. Coriella Bruce Pinchott, wife of Governor Pinchott of Pennsylvania, who served him as campaign manager in his recent election; Dr. Florence Allen of Ohio, the first woman to be elected to a state supreme court bench; Miss Julia Lathrop and Miss Grace Abbott, whose achievements have been largely with the federal Children's Bureau.

Mrs. Annie Little Barry, prominent clubwoman, will be the speaker tomorrow morning at a complimentary lecture at the Cole Library, 2709 College avenue, Berkeley. She will review "Gladys Murphy" (Ruth Fowler), "Miss Mapp" (E. P. Benson) and "Seven Ages of Women" (Mackenzie Compton). A discussion on modern women and modern fiction will follow.

Protest of Governor Richardson's budget was made at a recent meeting of the California Home Economics Association, Bay section. Resolutions adopted referred to curtailment of the work of the humanitarian and educational institutions. Adequate provision was asked for these departments.

Dr. Jessica Polkott, University of California, was the speaker following adjournment of the business session. She discussed "The Household Budget."

Practical interest in the California Rescue Home in Thirteenth avenue, and in the Scholarship fund of Oakland Federation of Mothers' Clubs, has inspired Bella Vista Teacher Association to invite the members and guests to a benefit card party tomorrow night. Mrs. William J. Adams, 2225 Eleventh avenue, is opening her home for the hour about the whist tables which will be followed with supper. Bella Vista mothers have elected to bear their full burden in the task of rehabilitating the nursery in the East Oakland institution, as proposed by the Oakland Federation. They will endow a bed at an approximate cost of \$21.

The rigors of Lent—if there be any in these later days—are broken by the exigencies of travel. With a dozen of the socially-elect on the eve of departure for the Riviera or Kamehameha or the seductive banks of the Nile, good-byes must be said.

The Walton Moores left on Wednesday for New York on the first lap of their journey to Europe, after an exciting session of farewelling.

And now go the Griffith Henshaws and the Charles Clark Keeney, for whom an avalanche of affairs are on the tapis.

Yesterday Mrs. Keeney was made the honor guest of Mrs. Wickham Havens at a luncheon that resolved itself into a bridge afternoon.

Mrs. George Hammer will be hostess at a luncheon on Wednesday for Mrs. Henshaw, with a half-dozen dinners sprinkled in between then and now.

Among the dinner hostesses is Mrs. Bert Bailey, who entertains on the 12th at the St. Francis; the Keeneys, the play to engage the guests after dinner.

HONOLULU, Mar. 2.—China has presented to the Japanese foreign office a formal note proposing abrogation of the agreement of 1915 between the two countries, according to a Tokyo despatch to the Nippon Jiji, Japanese language paper here.

Japan, the despatch said, will express unwillingness to abrogate the agreement.

The agreement, which has been the subject of much discussion, is alleged to give Japan extraordinary powers in China.

# Citizenship and Salesmanship Theme

"Citizenship Through Salesmanship" will be discussed by I. Foster Stone before the Friday Forum and Fellowship meeting of the Sons and Daughters of Washington at the American Institute tonight. A program of music will be rendered by Florence Collins, Mrs. Charles Campbell, Harry Windelash, Russ Landy, Frances Bernstein and J. Ash.

A drive for books to be placed in the library of the American Institute, 568 Eighteenth street, has been inaugurated. Citizens are invited to contribute suitable books or magazines.

# INDIAN PAGEANT STAGED TONIGHT

The auditorium arena began day to take on the appearance of an Indian village, with teepees at the foot of a miniature mountain and surrounded by shrubs.

These are the stage settings for the Boy Scouts' Indian pageant which will be given for the time tonight under the direction of Ralph Hubbard, who will be the leading role and will be supported by more than 200 Scouts, all dressed in full Indian regalia.

A tribal procession will open the pageant. This will be followed by a council ring, a fire ceremony, an invocation to the gods and a social dance, participated in by the entire camp. Among the striking features will be the "Mystery Dance," from the Ojibwa, and the "Buffalo Dance."

The "Elk Mystery" is a rite formed in ancient times by Sioux when game was scarce, is intended to propitiate the "Big Game" Ghost Dance performed by fourteen medicine men in white costumes, circling about an altar made of birch skulls.

The pageant is the outcome of arrangements made several months ago with Hubbard, who is on the country's best-known authorities on Indian lore and customs, and who has directed pageants for Boy Scouts and organizations in many parts of the country and with great success.

The pageant will be given the first time tonight and will be repeated tomorrow afternoon. The full cast, including the "Big Game" Ghost Dance, will appear tomorrow afternoon, leaving the auditorium at 1 o'clock.

The total population of Australia is 5,436,794.

## FREDERICK KAHN IS HONOR GUEST AT TEMPLE SINAI

### Newly-Elected President of Congregation Is Honored Reception.

A reception was held in Temple Sinai last night in honor of Frederick Kahn, who recently was elected president of the congregation. Kahn was unanimously chosen following the recent death of Abraham Jonas.

In addition to the reception, note was made at the gathering of the festival of Purim, which is one of the most joyous occasions on the Jewish calendar.

In addition to a musical program several short addresses were given and refreshments were served. The sisterhood of the Temple arranged the affair.

Rabbi Rudolph I. Coffee presided. In his opening address, Dr. Coffee told of the feast of Purim, and the book of Esther, and that it should be a time of happiness and merrymaking for the Jewish people. He also outlined the responsibilities of the new president and expressed the confidence of the congregation and its various organizations, stating that their trust had been well placed in the selection of the new head.

In responding, Kahn told of the accomplishments of the late President Jonas, which included the erection of the present temple and improvements at the Home of Eternity. He asked the cooperation of the congregation in carrying the burdens of the Temple, and in order to do this properly every one must take his place in the work of community he pointed out.

"Service to God and our fellow man should be our first thought," said Kahn. "If the Jew is to obtain the good will of his neighbors and his proper place in the life of this city, he must be a good citizen, as well as a good Jew. Serve God, serve the city, and serve yourself in doing that."

Samuel Freeman, one of the members of the newly elected board of trustees, welcomed Kahn as president and pledged the support of the trustees in carrying on the work of the temple.

### WOODLAND NOTES

WOODLAND, March 2.—Mr. and Mrs. Frank Basel gave a farewell dinner yesterday afternoon to Mr. and Mrs. John Volante, who left later in the day for a six months' tour of Europe, including a visit to Milan, Italy, Volante's birthplace.

Mr. and Mrs. William H. Sealy, ranchers of Arbuckle, have come to Woodland to make their future home, leasing a dwelling in the heart of the residential district owned by Leon G. Campbell, of Oakland.

Four carloads of barley left Woodland yesterday through Brown and Collins, destined for Oakland. It was the first big shipment of barley this season. Ben Helfrom, Oakland merchant, bought at auction one carload of hogs. These were also shipped to Oakland packing yards.

Ten new members were initiated into Woodland degree of Pochontas last night on the occasion of the degree's first anniversary. There were visitors from Vallejo, Dixon and Richmond present to assist in the initiation of the following: Elizabeth Caldwell, Evelyn Moore, Bertha Adams, Georgia E. Lamm, Jennie Woodard, Tolupe White, and Mrs. A. Cookerell.

R. W. Clifton, the Yolo man charged with failure to stop and render assistance, after the automobile he was driving knocked down and injured two women in Sacramento, will be heard on March 26 relative to the possibility of his obtaining probation. Judge C. P. Vine, of Amador county, has asked a searching investigation of Clifton's record.

Oral arguments have been completed in the long pending injunction proceedings which have caused concern among 200 Yolo county rice growers whom B. F. Conaway, owner of a 32,000 acre ranch near Woodland, sought to enjoin from using Willow Slough as an irrigation ditch during the harvest period. Conaway claimed his lands were flooded annually by rice water. Judge W. A. Anderson will take the case under advisement with the filing of briefs.

Mr. and Mrs. James Eustis will entertain at cards at their ranch home five miles north of Woodland tomorrow for the following friends: Mr. and Mrs. J. Stevenson, Mr. and Mrs. W. C. Hinkley, Mr. and Mrs. Charles Williams, Mr. and Mrs. J. J. Smith, and Mrs. James Eustis.

North Wood student of the University of Davis, writer to friends here announcing his marriage to Riverside to Miss Beth McIntire.

## Stage Is Set for Children's Free Show and Candy Feast

### Tribune and American Theater Programs for Big Event Completed.

The stage is all set and everything is ready for tomorrow's big free moving picture and juvenile show and candy feast which The TRIBUNE and the American Theater are staging for all the children of Oakland. Every one of The TRIBUNE'S famous juveniles who are one of the main attractions on the program are counting the minutes, they are so anxious to appear and help make hundreds and hundreds of their little friends happy.

The American Theater will offer a two-reel Max Sennett Comedy, "If Summer Comes," and another short comedy, besides offering Owen Sweeten, celebrated orchestra leader, and a number of his talented musicians in a special musical program.

When those delicious, sweet-tasting Baffle Bars, made by the Cardinal Candy Company, are presented to each boy and girl and their mothers too, they will all be saying, "Yum, Yum, Yum." This is certainly some treat and is all free, show, candy and everything.

### MOTHERS INVITED.

Mothers are given a special invitation to attend and are requested to chaperon all children under 18 or send their older brother or sister with them. Those mothers who are unable to attend may send their boys and girls with a feeling of perfect safety, for The TRIBUNE and American Theater always see that all the kiddies are properly looked after. The shows are clean, instructive ones, which not only help towards the welfare of the children and to keep them off the street, but adds pleasure as well.

The doors open at 8 o'clock sharp and those in line first get the best seats. A Baffle Bar will be passed out to you as you enter the theater. Aunt Elsie and the 60,000 clubs are also invited. The program is:

Picture, "If Summer Comes," a Max Sennett comedy and short comedies.

Musical program by Owen Sweeten and a number of his talented musicians.

TRIBUTE JUVENILE PROGRAM.

Director, Beverly Swabe. Assistant Coach Miss Bernice Claire Jahnigen, Pianist Mrs. H. G. Clayton.

## WOMEN CONTROL JAPAN'S FUTURE, STATES JORDAN

### Peace Society Eliminates the "Bloody" Heroes, Mills Students Are Told.

The Japanese woman is the dominating factor in the future development of Japan, according to Dr. David Starr Jordan, chancellor of Stanford University, addressing Mills College students at assembly hour yesterday. The movement of the Women's Peace Society, led by a dean in a woman's college which is striving to make war an object of contempt and hatred was stressed by the speaker. How this group, with the sanction of the authorities, has revised the text books of the schools, eliminating illustrious deeds of glory in combat and conquest and dwelling only upon constructive acts was outlined. According to Dr. Jordan lists of Japanese heroes, many of whom achieved fame through deeds of violence, have been greatly reduced and in their place have been substituted lists of names of high principled heroes of other countries.

"The Japanese are a people of innate courtesy and honesty," the speaker declared. Dr. Jordan made his first tour of the Orient in 1912. He reviewed that eleven years ago it was necessary to use an interpreter when he addressed the students. Upon the occasion of his recent trip he found that most of the women students speak English fluently and that a new type was entailed in the institutions of learning.

"The Japanese college woman today is more independent than her sister of ten years ago and better fitted to take her place in society and the community as a constructive worker," Dr. Jordan pronounced.

### Widow of Oakland M. D. to Be Buried

SAN LEANDRO, March 2.—Funeral services will be held late this week for Dr. Marian Stirling, widow of the late Dr. Charles Stirling of Oakland, who died here Wednesday afternoon. The arrangements have not yet been completed.

The deceased conducted the San Leandro sanitarium for the aged. She was 72 years of age, a native of Canada and a member of the local Rose Rehekah lodge.

## Students Entertain Class in Spanish

WALNUT CREEK, March 2.—

brother, Paul Lawrence, students of the Mt. Diablo Union High school, entertained the Spanish class of the school at a party given at their home Wednesday night. In keeping with the affair, everything was characteristically Spanish, the conversation was carried on in Spanish, Spanish games were played and later in the evening Spanish refreshments were served.

Those who enjoyed the evening were Misses Georgiana Duncan, Dorothy Gallagher, Dorothy Putnam, Gladys Fredericksen, Evelyn Alden, Ella Dukes, Frances Asvedo, and Messrs. Dave Osborne, Bernard Higgins, Spiridu Donna, George Barnett, De Wolfe Miller, John Padrizzi, Kenneth Tyman, George Norbert Gerlingher, Kenneth O'Neil, Leonard Lavetti, Frank Devicenzi and Melvin Williamson. ## The Adventures of Raggedy Ann and Raggedy Andy by Johnny Gruelle

Copyright, 1923, by United Feature Syndicate

Raggedy Ann and Raggedy Andy and Markey and her Mamma sat upon the Dragon's back and laughed and laughed at the way Mr. Doodle had played a joke upon the knight who guarded the door of the castle where Markey's Daddy was shut up a prisoner.

For you see, the knight was very anxious to cut off Mr. Doodle's nose, but he did not wish for Mr. Doodle to cut off his nose, so he asked Mr.

There is nothing to keep you from going into the castle, unless it is the two-headed dog just inside the door!

Doodle to fasten down his helmet. And when Mr. Doodle had fastened down the knight's helmet, the knight could not see out of the helmet and Mr. Doodle hit the helmet so hard with Raggedy Andy's magic wooden sword it sounded like he had struck a tin dish pan.

And each time that Mr. Doodle struck the knight's helmet, the knight would say, "I finally had changed his mind and decided not to cut off Mr.

Doodle's nose. So Mr. Doodle laughed and winked at Raggedy Andy again and unfurled the knight's helmet.

"My goodness! I did not know anyone could get so good with just a wooden sword!" the knight said. "You won the fight very quickly!"

"Maybe if you had not fastened your helmet down over your eyes, you could have won the fight!" Mr. Doodle said. "Shall we try it again without the helmet?"

"No thank you!" the knight said. "I am certain that if I do not have the helmet fastened down over my face some one might cut off my nose. You see, I always try to frighten people away from the castle door by pretending that I am very angry, but really I have a very tender heart!"

"Do you mean to say that you did not intend cutting off Mr. Doodle's nose?" Raggedy Ann asked.

"Of course not!" the knight laughed. "You see, I always shut my eyes anyway when I fight, so I could not have seen Mr. Doodle's nose, and so I could not have cut it off!"

"I'm glad that you are so kind hearted!" Raggedy Ann said. "Really that is the best way to be anyhow!"

"Yes, indeed!" the knight replied. "And, now that Mr. Doodle has won the fight from me, there is nothing to keep you from going into the castle unless it is the two-headed dog just inside the door! He may jump out and chase you away when you open the door!"

"We will go and knock on the door!" Mr. Doodle suggested. "The knight's two-headed dog barks, we will know enough not to open the door!"

Johnny Gruelle is the famous creator of these wonderful stories—all the children love them, even the grown-ups read about their wonderful adventures.

### New Drink Found By Scotch Cheap But Very Deadly

(By International News Service.)  
LONDON, March 2. — The Scotch, that hardy and thrifty race, have discovered a new drink.  
A Glasgow report says that the high cost of beer and whiskey is leading working men to adopt a new beverage, and cheap wines mixed with adulterated methylated spirit is now becoming a common drink.  
The mixture is said to be "quite palatable," but very injurious.

It when the two bodies are concentric. Partial eclipse of the moon are not regarded of special scientific importance.

"The great event of this character in 1923 will be the total eclipse of the sun on September 10, visible on our western coast. The track of the total eclipse will touch our continent at Santa Barbara and at Point Loma, near San Diego, California, and will then sweep across Mexico. The center of the track will pass over the island of San Clemente, 30 miles off the coast. The island of Santa Catalina has been selected as a point of observation for numerous scientific expeditions."

### Run for Queen OF BLOOM FETE

All Schools in San Jose Will  
Be Represented by Floats  
in Floral Pageant.

SAN JOSE, March 2.—The contest for queen of the San Jose Blossom carnival, to be held here on March 22, 23 and 24, is making rapid progress, six candidates from two local educational institutions having already been entered in the race.

From the San Jose high school are entered: Miss Catherine Armstrong, Miss Mona Dunn, Miss Lucille Horton, Miss Ina Patton and Miss Dorothy Seaman. The College of the Pacific has named as its candidate Miss Jean Madsen, one of the institution's most popular women students. Candidates in the race for the title of "Queen of the Blossoms" will also be entered from the Notre Dame college and the State Teachers' college.

Following a meeting of the principals of the various city grammar schools, it was announced officially yesterday that each school will be represented in the floral parade on Saturday, March 24, by a float. Approximately 12,000 individual blossoms will be used in decorating each of the school floats entered in the parade. Colors for the floats have been decided upon by the various schools as follows: Longfellow, red; Lowell, purple; Lincoln, blue; Grant, yellow; Horace Mann, orange; Washington, pink; Jefferson, lavender; Gardner, violet; Hawthorne, white; high school, rainbow.

### Unsettled Weather Forecast for Coast

SAN FRANCISCO, March 2.—Weather conditions in the bay district underwent a change during the night, and there was some moisture noticeable today. Forecaster G. H. Wilson of the United States weather bureau predicted cloudy and unsettled conditions in the northern half of California during the next 24 hours. There has been no rain to speak of anywhere are generally unsettled.

### "Clothes Make Woman," Co-eds At U. C. Advised

BERKELEY, March 2.—"Clothes make the woman—see that you do not dress gaudily or shoddily when you enter business life."

"After late monthish women keep your femininity and do not 'kid' yourself into thinking they admit flat-footed, shoney-suited individuals."

This was the advice given yesterday to the women students of the University of California by Miss Edith L. Kurtz, principal of the San Francisco School of salesmanship, at a vocational conference being held this week at the university.

Miss Kurtz spoke of the opportunities for college-trained women in mercantile display, retail salesmanship and advertising.

She noted that anyone entering these fields, equipped with a good education, be willing to start at the bottom. She said: "You may have to start with the common herd, but if you have the ability and have profited by your college training you will be able to leave them all behind."

At the same meeting, Miss A. V. Bowyer, manager of the West Coast Life Insurance Company, spoke to those interested in secretarial work. Salient points of her discussion were:

"Take things as they come—keep cool."  
"Be loyal to your employer and your firm."  
"Above all, do not be frivolous. Check your social activities with your hat when you start to work."

Canada produced 263,180,000 bushels of wheat in 1920.

### Grange Petitions to

MADE TO CALIFORNIA JUDICIAL MODERATO, March 2.—The Grange company, which operates warehouses in many towns of Stanislaus county, has petitioned the superior court for permission to increase its capital stock from \$100,000 to \$500,000. The new stock will be divided into 5000 shares of a par value of \$100 each. Henry Turner, president of the company, said today the increase is only to take care of the normal growth of the business. Everett Turner is secretary of the company. The directors are Arlo V. Turner, Alvin H. Turner, George F. Schaefer, George A. Cressy and L. L. Denett.

The army appropriation bill which carries an appropriation of \$85, was signed today by President

Harding. The bill provides for the army of 128,000 men and 100,000 horses and appropriates \$85,000,000 for the army establishment.

## GO-LUS MUIHEN

### ONE BABY GIRL

School of Home Economics  
at Cornell University  
on Infant Charge

(By International News Service.)  
ITHACA, N. Y., Mar. 2.—How'd  
you like to have not one, but sixty  
mothers?

Sixty mothers to love you—and  
sixty mothers to spank you?  
Sixty—count 'em, sixty—(as the  
old circus press agent might say)  
mothers today are making a name  
upon little Joan Rujes, 10  
months old, the "adopted" daugh-  
ter of the New York State School  
of Home Economics at Cornell Uni-  
versity.  
Little Joan Rujes—the latter a  
figurative name, for the sixty  
mothers are required to "mother"  
the babe by rule—succeeds Bobby  
Domecon in the ideal nursery crib  
at the local university.  
The change in rulers of the  
Home Economics crib came with  
the adoption of Bobby Domecon  
into a well-to-do family in the Mid-  
dle West.  
Now Baby Joan is in supreme  
control, and the sixty "mothers"  
are at her beck and call day and  
night. The senior co-eds of Cor-

well College, bathe her, feed her  
and one sleeps in her room every  
night.  
Right now Joan is not the shun-  
ning example of what proper care  
will do for a child that her prede-  
cessor was. Bobby Domecon came  
to Cornell weighing only five  
pounds when she was six weeks old. He  
grew rapidly until at fifteen  
months he weighed twenty-five  
pounds.  
Joan when she arrived, was  
eight months old. She weighed  
twelve pounds. In the weeks that  
she has been the Cornell baby she  
has gained two pounds, which is  
about normal. College authorities,  
led by Mrs. A. M. Roberts, expect  
to keep her through the present  
college year and then find her a  
good home.  
Joan Rujes is the fourth baby to  
be brought up by the college of  
home economics and students.

### WIFE MURDERER GIVEN SENTENCE

SAN FRANCISCO, March 2.—  
William Bannon, 68 years old,  
father of Elmer Bannon, con-  
fessed murderer of his wife Mar-  
garet, broke down in Superior  
Judge Roche's court today. Ban-  
non sat in the last seat in the  
court room and his son's attorney,  
Charles Brennan, sought to com-  
fort him. As the lawyer ap-  
proached, the old man became  
hysterical and cried that his son  
had been his only pal for thirty  
years.  
Bannon, who slew his wife with  
a hammer while intoxicated, was  
placed on the stand and ques-  
tioned by Judge Roche. When  
he reached the point of explaining  
how the tragedy occurred, he said  
he had scolded his wife for not  
taking better care of their chil-  
dren. Then he, too, broke down  
and cried. He was sentenced to  
from ten years to life in San  
Quentin.

S. P. SEATON ROBBED.  
SACRAMENTO, March 2.—Two  
masked bandits entered the South-  
ern Pacific station at Galt, twenty-  
five miles south of here, last night,  
ordered the operator to open the  
cash register and, after taking \$18,  
escaped.

# FRANKIE GENARO WINS THE FLYWEIGHT CHAMPIONSHIP

## DRAWINGS ARE ANNOUNCED FOR TOURNAMENT STARTING AT BERKELEY CLUB TOMORROW

### Pancho Villa Is Defeated In Title Bout

Frankie Genaro Captures the Flyweight Title From Filipino Holder.

By DAVIS J. WALSH  
(International News Service Sports Editor.)

NEW YORK, March 2.—"One a minute," says Henry Ford, speaking in terms of tin economics.

"One a minute," echoes the judges of prize fights at Madison Square Garden as they make and unmake champions.

They unfrocked another titleholder last night when Frankie Genaro was given the decision over Pancho Villa after fifteen fast rounds, and the verdict, which carried with it the American flyweight championship and the privilege of waiting a few at Jimmy Wilde for a suitable percentage of the house, was only semipopular. It created almost as much of a furore as the decision rendered less than a week before when Gene Tunney was declared the winner over Harry Greb in a bout for the light heavyweight title.

The gentlemen of the press were divided into two camps by the verdict.

To the writer, it seemed that Genaro was entitled to the benefit of the doubt. He carried six of the fifteen rounds and a spectacular rally through the last four gave him the psychological advantage of leaving the more lasting impression. Villa also led in six of the rounds, according to our score sheet, but his winning rounds were not as decisive as those of Genaro, who scored heavily in the twelfth and fourteenth.

It was a tough decision on which to deprive a man of his title, and by the same token it would have been equally unclimatic to have ruled against a challenger, just because he only won by an eyelash.

What caused such a divergence of opinion was this: Villa forced the pace almost from first to last. The local entry took advantage of lapses to counter heavily, but his body and head, and if an accurate total of clean punches could have been compiled, it seems to the writer that Genaro would have been in front with several to spare.

### Sailor Ashmore and Bud Soules to Box

LOS ANGELES, March 2.—Sailor Ashmore, 137-pounder, of San Diego, claimant to the welterweight lightweight boxing titles of the Pacific coast, and Bud Soules, 135-pounder, of the Hollywood American Legion stadium tonight.

Young McGovern, of New Orleans, and Dick Hoppe, of Los Angeles, 135-pounders, will meet in the semi-final, and Johnny ("Tiger") Cline, of Fresno, and "Terrible Red" Uhlan, of Los Angeles, middleweights, in a special preliminary.

### Fair Sex Warned Against Writing

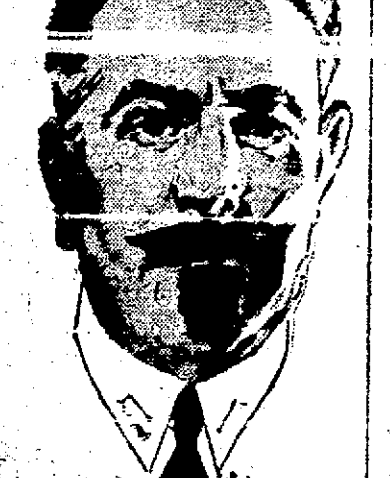

NEW YORK, March 2.—At the meeting of the registration committee of the A. A. U. last night several athletes were disciplined. Among those called on the carpet were Miss Camilla Sabbe of Newark, international hurdle champion, and Miss Adelaide Gehrig, New York Turn Verein. Both were cautioned by the committee against writing advice to would-be athletes in newspapers.

### MATCH AT POLO GROUNDS

NEW YORK, March 2.—Tom O'Rourke, promoter of the world's championship featherweight match between Eugene Cripp and Johnny Kilbane, announced the match will be held at the Polo grounds June 2 instead of Memorial Day.

### Wells Picks Wrestler to Defeat Boxer

Former British Heavyweight Pugilist Says Matman Has Advantage.

By BOMBARDIER BILLY WELLS  
Former Heavyweight Champion of Great Britain.

(Written for International News Service.)

LONDON, March 2.—"I shall regard the match between Jack Dempsey and 'Strangler' Lewis as intriguingly interesting, but I would take the wrestler for the winner."

"The whole point depends on the rules that would govern the contest. One can imagine, in certain circumstances, that the boxer would possess a distinct advantage over the wrestler; but, in other circumstances, a contrary advantage would result."

"For instance, were the contest to take place on Broadway it might be possible for me—were I a party—to entice the wrestler to follow me for some considerable distance, so fatiguing him that one blow would probably finish him."

"To take the opposite view, here the boxer is confined to the limits of the ring, then the wrestler would come into his own, inasmuch as the pugilist would not be able to maneuver as in the previous case."

"It can be presumed that the wrestler would get to grips before his opponent could damage him to such extent as to get into a position for a finishing punch."

"Hence my belief that in the ring the wrestler holds the trump card."

WITH THE KNIGHTS OF THE GLOVES BY BOB SHAND.

Fans who ought to know still claim that Charlie Hendrick should have a draw with Bud Soules Wednesday night, and they are probably right. The decision was given to Soules on his aggressiveness, but the way a majority of the customers figured the battle, Hendrick offset this by his superior boxing. It was a tough night to give decisions as the judges failed to agree in five fights out of seven. In four of the five bouts the referee decided the way the customers thought was right and nothing was said about it. But when he put in with the wrong judge in a lone instance there was a squawk. A referee who can call 'em all to the satisfaction of the fans would be winging his way through the clouds equipped with a pair of 1923 model angel's wings. Supposing Bobby Burns, Johnny Barr, or Terry Vargas had been declared winners? Each of them received a vote from the judges.

Solly Seeman and Teddy O'Hara may meet in the main event here next week. They boxed a draw in Los Angeles recently. O'Hara dropped Solly for a short count.

Ray Pelkey and Jack Blackburn will meet in the special event. Blackburn has been boxing in the West Oakland gymnasium for the past several weeks and is as clever as yore.

The other afternoon while Jimmy Duffy and Blackburn were boxing, Battling Nelson happened along and tried to give the pair some advice. Tommy Simpson and some of the other spectators got a kick out of the Battler telling cleverly how the Duffy and Blackburn how to use their hands. The Battler was a wonder in his day and one of the greatest fighters in the game, but he never let anything go past him in the ring.

Nelson attended the scraps over here Wednesday and was quite willing to make a speech. T. Simpson discouraged him.

"Longshot," the lanky gent who hustled the fighters into the ring and took care of the gloves, is training the Salt Lake ball team, and has been appointed to fill the vacancy.

Solly Seeman is a shifty bird with the gloves—and he admits it.

Abe Marin is here from Portland with a stable of fighters, including Jimmy Sacco, Joe Egan and Tuffy Wing. The boys are quartered at Paddy Ryan's place in Alameda.

Bud Soules and Sailor Ardmore box the main event at Hollywood tonight. If Bud leaves himself as open as he did Wednesday he may stop a sleep producer, as this Ardmore boy knows how to hit.

Harold Broom is disconsolate. "What you know about that Dudley getting licked," moaned Harold yesterday. "Where we go to get a match for Duffy now?"

At that, Duffy can still fight, and after he showing he mad against Duffy in their first match, the customers would probably stand for a return bout.

Jack Russell is in town with Frankie Munro. Jack is one of Frankie's fourteen managers.

**Glenna Collett Flays Over Train**  
BELLEAIR, HEIGHTS, Fla., March 2.—Miss Glenna Collett, the National women's golf champion, played a unique spot yesterday when she played over a moving railroad train. Miss Collett was at the tea just as the train came along. She hit her tee shot straight down the middle of the train.

Average, 271.13.

51 strikes, 9 spares, no splits, no errors.

Counting extra strikes in 10th frame, 61 strikes.

We agree with you that's a big order. Fact is, men, that record has stood since 1910. Johns made it in the Greater New York Individual Championship Series held at the Oxford Bowling Academy in Newark, N. J., against Jimmie Watt.

Lee Johns jumped into bowling fame away back in 1901 when, as a member of a Philadelphia club, he began to take the measure of some of the best pin knockers in the Brotherly City. A few years later he blossomed forth as the proprietor of a bowling emporium of his own at Newark, and in the years that followed Lee developed into one of the greatest alley hounds in the East. He helped organize the Eastern Bowling League, comprising teams from Baltimore, Wilmington, Trenton, Brooklyn, Philadelphia, Newark, New York and Paterson.

Johns has retired from active competition but he still craves a wicked mahogany down the alley and it begins to look like that record of his will go along unbeaten for many moons to come.

### Trojan Fish Reporting for Tank Practice

LOS ANGELES, Mar. 3.—Call for all U. S. C. men, swimmers has been sounded by Swimming Coach Lee to further plans for a water polo team.

"U. S. C. is to take its place among the other universities of the country in the line of swimming," says Prof. La Porte. "Swimming is fast becoming a major sport at U. S. C. Much interest has been shown by the students in the aquatic sport. A minor letter will be given in swimming as in all other minor sports."

"The great popularity of indoor swimming has demanded an awakening of interest among the universities. U. S. C. will be among the competitors with a strong aggregation of human fish."

Trojan men are forming a water polo team to compete against other water polo teams of the country and coast, is the report from the physical education department. With the present material the hopes are high that U. S. C. will be among the competitors' aggregation.

### GOLF

By W. D. McNICOLL

At Berkeley yesterday the women members held a qualifying match contest in which 21 players competed and qualified for places in three flights of 8. Players are receiving handicaps in holes up in a ratio of one hole up for 2 strokes difference in handicap. The long handicap players should do well with such generous treatment, but in many cases fail to make use of these valuable conceded points.

Silver cups go to the winners of 1st and 2nd flights, and drivers to the runners up. The 3rd flight players will also receive a suitable reward although 5 players are competing. Mr. V. H. Wilson has offered a prize for the winner of the defeated 8 players in the 1st and 2nd flights. This will keep up the interest of those who have to fall out in the first round match play, which, of course, places them in the physical education department.

# D' SMITH LOOKS GOOD IN FIRST WORKOUT WITH OAKS

## CH WALTER CHRISTIE FINDS NEW TALENT IN FINALS OF THE INTER-CLASS TRACK MEET

### INFIELDER HAS ITS OF PEPPER AND IS CLEVER FIELDER

Del Baker Has First Workout and Is Glad With Oaks; Local Club Is Well Supplied With Left-handed Hitters.

By EDDIE MURPHY.  
TRAINING CAMP, Myrtle Dale Springs, March 2.—More than twenty-four hours since infielder Mervin Smith or Delmar Baker arrived here, but already the Howard and Del, are counting on labeling Smith as the starstop for the 1923 season. Smith, who is a stocky type, was feeling in good trim when he hit camp yesterday as he had been playing winter ball in Southern California. He donned a uniform and did some cutting up around the patch in the afternoon. He fielded just a couple of made a few throws around the bases before Del Howard set of the boys in camp were watching him. He displayed a pair of hands and was able to field balls on either side. He did not cut any fast ones across the diamond, quick delivery of the ball after fielding it, convinced the others that he can peg them with speed and accuracy.

Smith, who recently signed with the Pittsburgh Pirates, camp for the last few days. Howard after yesterday's workout that he has not all of Smith's class. If up to expectations and over later on, the Howard will be all set for the future. He is not a pitcher, but he is a good fielder. He is not a pitcher, but he is a good fielder. ### Eley Is Going Good

Meet ORVILLE ELEY, the Tacoma diademite who is showing a lot of stuff at the Oaks training camp. Eley has everything in his favor, including lots of size, and his work has been impressive. He's a left-handed pitcher by profession.

### With the Oaks in Camp

MYRTLEDALE SPRINGS, March 2.—Fine weather continues to make training here a pleasure for the Oaks. Another long hike was enjoyed yesterday morning, the destination being the Sonoma-Napa county line. Lunch was served early and the athletes were out on the diamond at 1 o'clock and stayed until 4.

Del Howard trotted out a rookie infield of Schutz at first, Art Layva second, Percy Chavez short and Andy Phillips third. All four worked at top speed for about half an hour, when Chavez was forced to retire with a damaged finger which he got in the way of a bad hop. He will be ready to step in at the position tomorrow again. The four kids all looked good, their fielding being snappy and their throws perfect. Andy Phillips convinced Ivan Howard that he can play almost any position in the infield.

Pete Read, the chunky little catcher, was forced to take things easy for the last few days, as he was suffering with blisters on his toes. He visited Bill Nelson's headquarters yesterday and was fixed up so that he could be out in the afternoon and display his old pepper. Pete looks better than he did the two previous training seasons.

Ivan Howard yielded the ax for the first time yesterday, following the arrival in camp of Del Baker and "Red" Smith. Al Berle and Otto Egenberger came into camp without signing contracts and were out every day working out with the Oaks.

Del Howard put over the first joke of the training season. Everybody in camp started on a hike for the Sonoma-Napa county line in the morning. Del told Otto and Al Berle, who were in company with Percy Chavez, George LaFayette and Charley Hoskett, to trail the rest of the boys and to keep right on going until they came to a certain sign. They followed orders, but the advance squad of hitters stepped off to a side road and let Otto and his party pass along. Before Otto, LaFayette and the other few in the party realized a joke was being played on them, they were almost in Healdsburg. They got back in camp about two hours after the advance hitters and were too tired to eat lunch.

President J. Cal Ewing of the Oakland club is expected here tomorrow in the morning. With Frank Ish. Mrs. Ewing has been here for a week.

### Seniors Win Inter-Class Meet at U.C.

Sorrenti, Neufeld, Boyden and Neff Show Class in Final Events.

UNIVERSITY OF CALIFORNIA, March 2.—Honors in the annual inter-class track and field meet were won by the seniors in the second day of the meet yesterday afternoon on the California Oval, the 1923 team amassing a total of 46 1-3 points. The Juniors were second with 54, the Freshmen third with 20 2-3, and the Sophomores trailing with 14.

A throw of 174 feet 5 inches by the veteran Sorrenti won the javelin throw, when Neufeld, considered a coming star in the event, failed to reach the 170 mark. Boyden, the Freshman 440 and 889 man, ran an excellent race in the half mile to win from a large field of entries.

Both the low hurdles and furlong events were shortened to 200 yards and good times for early season were recorded in both. Neff proved too fast by a step for Becker in the low hurdles.

The results: 200-yard dash. First heat—Won by Farnsworth, '25; second, Lindstrom, '25; third, Hirsch, '24. Time 21.3. Second heat—Won by Barber, '26; second, Waterman, '23; third, Blum, '26. Time 20.4.

Third heat—Won by Silverman, '26; second, Ryan, '26; third, Bontiller, '24. Time 21.1. Final—Won by Barber, '26; Waterman, '23; third, Lindstrom, '25. Time 20.3.

290-yd. low hurdles—Won by Neff, '23; second, Dodson, '26; third, Henry, '23. Time, 24. Second heat—Becker, '25, won; second, Havens, '24; third, Corley, '26. Time, 24.2.

Final—Won by Neff, '23; second, Becker, '25; third, Dodson, '26. Time, 23. Two-mile run—Won by Calkins, '25.

Stanford Has Track Star in Richardson  
STANFORD UNIVERSITY, Mar. 2.—"Bill" Richardson, star freshman 880 man, is expected to show his heels to all his competitors this year if he continues running in the form he has displayed of late. Last week in an informal meet "Bill" broke the tape ahead of several varsity half-milers in 2 minutes and 2 3-5 seconds.

### Siki's Guards Help Him Acquire a Jag

PARIS, March 2.—(United Press).—Two private guards and every bartender in Paris are trying to get the idea over on Battling Siki, the heavyweight champion of Europe, that he has a light on in Dublin next "Patrick's Day" with Mike McTigue, the British titleholder. The arrangements were made months ago, the purses decided upon and every little thing completed, but Siki has been training so diligently in the cafes that he doesn't want to break the routine. Siki, up to the ears in "vin," missed two trains for Dublin last night and when he was finally towed to the station in plenty of time to be poured on the last train, he flatly refused to go and offered battle to those who remonstrated.

M. Haris, the promoter of the bout, is in despair. He hired two of the biggest men in Paris—former bouncers at the American bar, to keep Siki sober, but the battler was such a good patient that he persuaded the guards to celebrate with him and the three of them disappeared and were found only after an eighteen-hour search. Last night Siki threatened to tear down the station when attempts were made to pour him into the last train, but he was so thoroughly passed out this morning that he was freighted on board without much difficulty.

"23; second, Jensen, '25; third, Mulvaney, '24. Time, 10:26. 880-yd. run—Won by Boyden, '26; second, Bauman, '24; third, Pearce, '24. Time, 2:04.3. Discus throw—Won by Neufeld, '24; second, Hansen, '24; third, Francis, '26. Distance, 126 feet 10 inches.

Broad jump—Won by Boren, '24; second, Phillips, '24; third, Watkins, '26. Distance, 21 feet 8 inches. Javelin throw—Won by Sorrenti, '24; second, Dodson, '26; third, Neufeld, '24. Distance 174 feet 5 inches.

Martinez Shoot Advanced a Week  
MARTINEZ, March 2.—Because the date would interfere with the state championship shoot in San Francisco the Martinez Gun Club has advanced one week the date of its first regular shoot of the season and it will be held Sunday at the Pacheco Road grounds. Transshoosers from San Francisco, Oakland and Vallejo will participate.

SAN JOSE HI WINS  
CENTREVILLE, March 2.—In the first baseball game of the season for both teams the San Jose high school nine left here after trimming the Washington Union high to the tune of 6 to 3.

Meat Co. Tossers To Meet Foresters  
Manager R. C. LaRue of the Oakland branch of the Western Meat company announced this morning that the local team would play their first game of the season on the diamond at the foot of Eighteenth and Wood streets at 11:30 Sunday morning with the Foresters of America as their opponents.

The local meat company tossers expect to maintain a strong team in the field throughout the summer season, and the game Sunday will be more or less in the nature of a tryout.

"Speed" Martin will be among those who cavort in the Western Meat company suits Sunday, although "Speed" will not do the chucking for the local nine.

Rifleman to Join National Body  
Members of the American Rifle Club of Oakland will soon be assisting at Madison Square Garden that he assumed Jess Willard had cancelled his exhibition tour after March 7, in order to take no chances on his condition being perfect for his bout here with Floyd Johnson May 13. He said he had not ordered cancellation and Willard's decision was news to him.

Rickard Surprised At Willard's Move  
NEW YORK, March 2.—Tex Rickard, boxing promoter, said last night at Madison Square Garden that he assumed Jess Willard had cancelled his exhibition tour after March 7, in order to take no chances on his condition being perfect for his bout here with Floyd Johnson May 13. He said he had not ordered cancellation and Willard's decision was news to him.

Work on New Bruin Stadium is Progressing  
In an effort to give some idea of the immensity of the task of excavation and construction, William H. Smyth, Berkeley consulting engineer and retired capitalist, whose home overlooks the stadium site, has made a statistical study of the work involved. Smyth has found that leveling the earth for the stadium proper, and the preparation of the surrounding property for beautification involves the removal of 230,000 cubic yards of earth from the hills on the northeast to fill the canyon below. This work is being done in its initial stage by steam shovels and teams, but the great bulk of the dirt will be sluiced and conveyed hydraulically. A reinforced concrete aqueduct for the normal flow and flood waters of Strawberry creek, and to drain the playing field in the stadium, will be constructed for a distance of 1450 feet. A network of the drains will serve to carry the water to the aqueduct from the field surface.

Access to the stadium will be provided by a number of beautiful winding roads, one of which will circle the rim of the hills back of the stadium and give a magnificent view of the stadium, the university, Berkeley and the bay.

SAN JOSE, March 2.—Harry Wolverton released the following Seattle recruits today: Earl Perry, W. B. Crowder, J. Gardner, Elmer Fish, Jesse Regal, Jess LaVerne, and Joe Bauman. Van Dress, the veteran southpaw, Billy Orr, Sammy Crane and Harry Gardner, the southpaw hurler, arrived in camp today.

Eddie Mulligan, former White Sox star, whose demand for a two-year contract has not been granted, and Douglas McVeeney, who has a grievance against the White Sox rather than the Seals, are the only two listed among the holdouts.

Seals to return Schang and all will be peace and quiet once more.

Among yesterday's arrivals were Hal Ryne and Gene Valla, a pair of veteran Seals. Pete Kidduff, Ernie Alton and Bob Geary, veterans, and Tim Hendryx, newly acquired chucker, were today reported to be on their way to camp.

Both Geary and Alton have already been in their signed contracts, while Oliver Mitchell, portable chucker, arrived in San Francisco yesterday and is due to head for camp today.

Eddie Mulligan, former White Sox star, whose demand for a two-year contract has not been granted, and Douglas McVeeney, who has a grievance against the White Sox rather than the Seals, are the only two listed among the holdouts.

# ST. MARY'S BASKETBALL TEAM WINS FROM SANTA CLARA

## HAYWARD N. S. G. W. DEFEATED BY SOCI OMNES FOR EASTBAY BASKETBALL CHAMPIONSHIP

### Socii Omnes Win Eastbay Basket Title

Hayward Natives Defeated 35-30 in Final Game of Season.

For one half it looked as though the Hayward natives would be the champions of the Eastbay Unlimited League in their final game with the Socii Omnes last night at the Oakland gymnasium. But a last minute spur by the Socii Omnes overcame the Hayward natives and they won by a score of 35 to 30. Stellar basket shooting on the part of Grant in the second half proved to be the turning point of the game. Grant scoring seven field goals in the final period to lead all comers with 15 points for the evening.

The Hayward natives started off with a rush, the work of Rogerson, Richmond and Christensen carrying them into the lead by a score of 20 to 12 at the end of the first half.

During the intermission the Socii Omnes team secured out a defense for the Hayward attack. Rogerson alone being able to continue with any degree of success in the final period.

Olofson featured for the Socii Omnes by looping nine free throws out of as many attempts.

The lineup:

Socii (35): Pos. Hayward (30) Grant (18), Fwd. Christensen (7) Olofson (11), Fwd. Richmond (8) Drew (4), Center. Rogerson (13) Ticoilat (2), Guard. Grindell (2) Roberts (2), Guard. Van Dyke

### Mrs. Mallory Is Defeated in Tennis Event

MONTE CARLO, March 2.—(By The Associated Press.)—Mollie Bjornstedt Mallory, American women lawn tennis champion, was eliminated in the tennis tournament here today, losing to Mrs. Satterthwaite, of England, in straight sets, 6-2, 6-1.

### No Longer Is Boxing Game Secret Society

CHICAGO, March 2.—Boxing fans here no longer have to delve into the dark and mysterious to find out where the next fight will be held and where tickets for it may be obtained. The regulation clarification-announcement came from the ringside last night that the next boxing contest would be at Turner hall, March 9, a ten-round match between Eddie Myers of Moline, Ill., and Frankie Garcia, Memphis, Tenn.

Until last night's "Suburban club entertainment," the recent guise boxing contests have assumed, fandom was left to itself to learn about contests to come and where to purchase "memberships." Fortified by injunctions against the police department, sheriff, coroner and all others legally qualified to interfere with prize fighting under the stringent Illinois law against it, the promoters no longer display a reluctance in advertising their offerings.

At the last two fights no interference was attempted.

Mike Dundee, Rock Island, Ill., defeated Charles Glaser, Chicago, in ten rounds last night.

### Final Game Is Gathered in By Local Team

St. Mary's Wins From Santa Clara Five by Score of 31 to 22.

The St. Mary's basketball team concluded its 1923 season last night at the Coliseum in San Francisco by winning the third and final game of a three-games series with Santa Clara by the score 31 to 22. This victory gives the St. Mary's boys the series as they won the first game while Santa Clara captured the second.

The team battled on even terms during the first half, with the Santa Clara holding a slight edge because of some fast work in the last few minutes of the half which ended with them leading, 11 to 10. But this didn't last long as St. Mary's in the second half outplayed Santa Clara.

**VUKOTA OFF FORM.**

The Santa Clara's, who relied on Vukota, forward, to carry the bulk of the offensive were sadly disappointed as he did not display as much class as was expected.

Johnny Logan's playing was one of the outstanding features of the struggle in the starry play, turning in four field goals. Toso, three two field goals, Jimmy Logan, one, and Vukota two and four field goals.

The high point man for St. Mary's was Lawless, who accounted for thirteen of the thirty-one points. He came through with three field goals and seven fouls, which is enough for one night's work. Lester, with four field goals, Conlan with three and Lorigan with two, were the others whose shooting resulted in St. Mary's winning.

**SMALL CROWD ATTENDS.**

"Ducky" Grant relieved Conlan at guard, with the second half nearly over, and showed pretty well. Payater, the other guard, played a steady game throughout, and if he plays basketball St. Mary's will have a good man.

A small crowd was on hand to watch the game, which was expected to fill the Coliseum.

The lineup of the teams follow:

St. Mary's—Lester, forward; Lawless, forward; Lorigan, center; Conlan, guard; Payater, guard.

Santa Clara—Vukota, forward; Jim Logan, forward; John Logan, center; Toso, guard; Pawke, guard.

Substitutes—St. Mary's—Grant for Conlan. Santa Clara—Vasconcellos for Jim Logan, Malloy for Toso, Jim Logan for Vasconcellos, Toso for Pawke.

Referee—Kluwars.

Umpire—Bob Evans.

### Oakland Net Teams Enter In Inter-Club

Class A Team Visits Palo Alto --Class B Team to Play Winged "O."

Two teams from the Oakland Tennis club are entered in the Inter-Club tennis tournament, play in which starts Sunday, March 4. The team of the Oakland club will play at Palo Alto against the American Legion of that city in the opening matches of the season.

The B team of the Oakland club has a harder task on its hands, staying at home to entertain the crack Olympic club tennis squad on the Oakland courts.

Included in the personnel of the Oakland club's team which are expected to make a strong showing in both Class A and Class B this year are many veterans of previous years.

**VUKOTA OFF FORM.**

On the A team in singles are R. Benjamin, B. Klein, N. Harris, S. Smith, B. Fowers and A. Sewell, all strong players. These six are also paired for the doubles. Powers and Smith ranking first, Sewell and Benjamin second with Harris playing in the third doubles with Hunt. Klein is not entered in the doubles.

On the Class B team more of the well known veterans of the Oakland club will perform. R. Kline heads the list for singles with W. H. Berger, second. J. Taylor, P. Jensen, G. Hudson and K. Jensen follow in order.

For the Class B Oakland doubles the players are paired as follows: First doubles: Honsberger and Kline; second doubles, Taylor and Huffaker; third doubles, Oils and ...

### Connie Mack Still Giving Away Players

List of Men Released by Boss of Athletics Looks Like All-Star Team.

NEW YORK, March 2.—For the first time in nine years Connie Lumber Mack can be favored to finish higher than eighth in the American League because he is deemed to have mustered sufficient strength, after seasons of experimenting, to outlast the Boston Red Sox, if none other.

Cornelius has tried more combinations than a Monte Carlo gambler since breaking up his world's championship outfit before the 1915 season, but his efforts have been unproductive. On the other hand, he would have had a real ball club today had he stood pat and allowed his original bats to ride. Suppose, for example, neither trade nor purchase had tempted him. He would then be able, barring accidents, to announce the following as his lineup for the opening game of the 1923 season:

**THEY WERE RELEASED.**

Pitcher, Joe Bush, one of the leading right-handers in the game last year, catcher, Steve O'Neill, still one of the topnotchers, first base, Stuffy McInnes, second base, Eddie Collins, who tops them all at 26; shortstop, Larry Kopf; third base, Joe Dugan, the best in baseball; outfielders, Charley Jamieson, Amos Strunk and Willie Villet.

So much for the opening day lineup. For the next game he could call on Bob Shawkey, Herb Pennock, Stanley Coveleskie, Roy Moore, Rube Bressler, Dana Fillingim and John Watson to pitch.

Val Fitchich or Glenn Myatt to fill in behind the plate—surely the finest set of battery strength in the land.

In case of injuries to his front line forces Cornelius would only need to glance down along the bench to find George Burns, first baseman and outfielder; Doc Lavan and Eddie Foster, infielders, and Larry Gardner and Frank Baker, pinch hitters.

Quite a ball club, that. So good, in fact, that it would figure to run one, two, three in any man's league. Yet it was given away virtually by a man who gives only until it hurts, therefore gives nothing.

Cornelius must have been painfully injured many times during recent years, for he has nothing to show for all his trades and deals with other major league clubs unless it is the solace of an increased bank balance. Of the lineup that probably will take the field at the start of the next season only Billy Walker and Bing Miller, outfielders, went to Philadelphia in intra-league trades.

**LOOK THEM OVER.**

Ralph Perkins, said by many to be the best catcher in baseball, was developed at Shibe Park. So was Eddie Roush, who won twenty even games for a seventh-place club; Joe Hauser, the first baseman purchased from the American Association; Jimmy Dykes, who was picked off the lots around Bryn Mawr, a Philadelphia suburb; Galjoury, the shortstop; McGowan, the outfielder, and Hasty Harris, Heinach and Yarrison, pitchers.

Hale and Riconda, the recruits who will battle for the open job at third base, were purchased, the former from the Pacific Coast League and the latter from the Eastern League.

Of course, many of the men Mack let go, including O'Neill, Schmidt, Coveleskie, Lavan, Kopf, Foster and Jamieson were underdeveloped at the time they received trials under him. Yet the deplorable fact stands out that Cornelius cut loose from Eddie Collins, Joe Bush, Bob Shawkey, Stuffy McInnes, Amos Strunk, Wally Schang, Larry Gardner, Joe Dugan, Frank Baker and others, while they were at the pinnacle of their ability, and the men he got in return are either out of the major leagues or out of circulation, depending on whether they were from men of merely human, or from men of divine, origin.

### Starford Water Polo Team Looks Good

STANFORD UNIVERSITY, March 2.—The Stanford water polo team's prospects for a successful outcome of their Chicago trip were given a boost when the freshmen beat the Neptune club of San Francisco by an 18-1 score. The California varsity had previously won from this same team by only ten points and inasmuch as the Bears also consider themselves likely contenders for the national championship, the comparative scores seem to give a decided edge to the Stanford varsity.

### Eddie Roberts Scores Easy Win

TACOMA, Wash., March 2.—Eddie Roberts, Tacoma, welterweight, scored four short count knock downs and a clean-out victory over Harry Schubman, former claimant of the coast welterweight title, in the six-round main event of the boxing program here last night.

Martin Foley, Tacoma light-heavyweight, knocked out Joe Martinson, of Clallum, in the fourth round of their scheduled six-round semi-final.

Johnny Jordan, Anacortes lightweight, won in four rounds over Bud Martin, of Centralia. Frankie Green, Seattle bantamweight, defeated Ludwig Jones, Tacoma, and Phil Sheridan and Joe Edwards, Tacoma lightweights, drew.

### Collegians Win From U. C. Babes

ST. MARY'S COLLEGE, March 2.—St. Mary's Collegians won the first game of the series with the California Freshmen at Berkeley yesterday by a score of 6 to 5.

After allowing a run in the first inning the Cubs played good ball until the fifth, when the St. Mary's team scored five runs. However, the California boys gathered three runs in their half of the fifth and scored in the sixth and seventh.

McEnery and Lewden pitched for California and Lloyd took care of the receiving. Snow and Troy were in the box for St. Mary's and Strader held the team.

The score: R. H. E.  
St. Mary's Collegians... 6 8 0

### College Season Opens Tomorrow

The St. Mary's college baseball team will play its first college game of the season tomorrow afternoon when Coach Slip Madigan, who is leaving today, leads the team down to Palo Alto to engage the Stanford nine in the first game of the annual three-game series.

Stanford is booked to play a return game on the local college grounds on Saturday, March 10.

Madigan announced this morning that there would be no changes in the lineup, Linabum being the probable pitching selection with Speed Maddock in reserve.

### Alexander Shows His Old Time "Zip"

CHICAGO, March 2.—The speedball of Grover Cleveland Alexander, pitcher for the Chicago National club, was recalled here today as reports from the Cubs' training camp indicated that Alex was showing much of his old form in practice. Although Alexander has not been allowed to put a curve on the ball, the reports said his fast ball indicated the zip of former days.

### Louis Guisto Off For Cleveland Camp

Louis Guisto, who has been coaching St. Mary's Phoenix baseball team since the start of the season at the local college, left today for Florida to join the Cleveland American League baseball team at its spring training camp.

Guisto is a candidate to have an excellent chance of winning a regular job for himself at first base now that Stuffy McInnes, who held the post last season, has been let out by the Indians.

LOS ANGELES, March 2.—The total base rate of the Southern California Edison Company for the current year is \$111,839,168, according to a statement submitted by D. M. Trout, controller of the corporation, at a hearing today before Commissioner Brundage of the state railroad commission, on the petition of 20 cities and the California farm bureau federation for reductions of

Trout's estimate, as revised after disclosing the company's books December 31 last, shows the total book capital at that time, exclusive of \$145,000 of way and land as \$2,584,862.64. Miscellaneous accounts include the Mount Whitney transfer, \$1,070,039.71; automobiles, \$678.66; San Joaquin and Eastern railroad capital \$1,524,945, and a number of system betterments which bring the total operative capital to \$5,189,523.72. The \$24,000

Operative property additions for 1993, according to Trout, comprise Big Creek No. 1, third unit, \$1,020,000; Big Creek No. 3, three units, \$15,082,000; aguna Bell line and stations, \$4,213,054; changing Big Creek line and stations, \$2,878,679; miscellaneous betterments, \$8,300,000. Water rights are estimated at \$1,437,148 and organization expense \$430,000, while working cash capital is placed at \$115,000 and material and sundries at \$201,555.

Officials of the Edison Company announced that 2000 new stockholders had been gained during February, bringing the total to approximately 51,900, all but 5 per cent of whom were also on the books as customers of the corporation.

The hearing is expected to be concluded today when it is planned to submit the case for decision.

## Stock Selling in Steel Company Stopped by Law

N. Y. Atty.-Genl.

ALBANY, N. Y., March 2 (By Associated Press).—Termination of the stock selling activities of the L. R. While the concern was active, millions of dollars worth of stock

BUFFALO, N. Y., March 2.—Officials of the L. R. Steel Company said tonight that the sale of stock in all Steel enterprises was discontinued two weeks ago in line with the policy adopted by the board of control, which took charge when L. R. Steel severed his personal connection with the various corporations bearing his name.

The board, it was stated, has not

ly ceased selling stock, but has disposed of numerous burdensome leases and property that were not revenue producing. Outstanding indebtedness, it was also stated, has been materially reduced.

Walter M. Wilkins, chairman of the board of control, said tonight: "The situation with respect to the merchandising end of the Steel companies is not affected by the action at Albany."

DISCOVERY IS ACCIDENT.

Jacuzzi's discovery was brought  
about by attempts of the manufac-  
turer to develop a self-propelled

Water as Fuel

That's the possibility offered by  
RACHELE JACUZZI, Berkeley  
manufacturer and scientist, here  
shown in his workshop.

Device to Burn Water Is  
Perfect by Berkeleyan

BERKELEY, March 2.—Water  
may be used as fuel in the future,  
if a discovery, said to have been  
made by Rachele Jacuzzi, a Berke-  
ley manufacturer, is adopted by the  
world at large. According to Jac-  
uzzi, he has perfected a water-  
burning device in which water may  
be burned in much the same man-  
ner as the familiar household gas.

The device, as developed by Jac-  
uzzi at his workshop, 1450 San  
Pablo avenue, yields a flame with a  
temperature higher than that of  
the average welder's torch. Steel,  
copper and other metals melt  
quickly in it. The process of burn-  
ing water as developed by Jacuzzi  
is explained by him as follows:

"Water is fed into a small coil  
and heated by a gas flame. This  
latter flame converts the water to  
steam at first. Toward the end of

airplane propeller of reactionary  
type which would rotate at a high  
rate of speed due to the effect pro-  
duced by the emission of the burn-  
ing gas whose combustion is effect-  
ed in a specially constructed nozzle.  
In view of the fact that this experi-  
ment required the use of a com-  
pressed gas, Jacuzzi set about to  
develop a fuel which would burn  
of itself without the aid of any  
high-pressure apparatus.

His water-burning discovery  
came in the process of his propeller  
experiments, and after a period of  
almost two years which he has de-  
voted to the work.

Jacuzzi, elated over a discovery  
which has eluded scientific circles  
for decades, visited the University  
of California and has interested  
savants there in his project. An in-

vention of his plant will be made  
by leading university scientists.  
Above is no doubt but that we  
are burning water," declares Jac-  
uzzi in discussing his experiment.  
"With papers filled with stories of  
the shortage of fuel in the east and  
of hardships thereby suffered, the  
possibilities of this process are un-  
limited."

PRINCIPLES DIFFERENT.

Jacuzzi's principles are expected  
to be classified as "revolutionary"  
by scientists, so different are they  
to present day teachings.

The idea of Jacuzzi's reactionary  
turbine has been taken from his  
favorite school-boy experiment,  
where the familiar Florence flask is  
made to revolve rapidly, most  
times to its early destruction, by the  
reactionary effect produced by the  
emission of a minute jet of steam  
produced within the bottle by the  
flame of a small alcohol lamp or  
gas burner.

While savants may not agree with  
him in his water-burning process,  
Jacuzzi declares that his same "re-  
actionary" ideas have been taken  
up and dropped again repeatedly  
because of the difficulties encoun-  
tered. That his new idea presents  
commercial and experimental value  
and that he has "found" something  
of great importance to the sci-  
entific and economic world is the Ber-  
keleyan's declaration.

Behind the water-burning pro-  
cess as developed at his San Pablo  
avenue workshop, where thousands  
of airplane propellers were turned  
out for army machines during the  
war, is Jacuzzi's idea to do away  
with the gasoline motor for air-  
planes, thus entirely obviating the  
weight of a motor, radiator and  
other mechanism on a plane, and  
apply the power developed from  
his device directly to the propeller.  
The gases whose combustion bring  
about the rotation of the propeller  
are led to the tips of the propeller  
through tubes, these gases being  
planned to produce the reactionary  
effect after their combustion in ap-  
propriate nozzles. Jacuzzi has con-  
structed a small airplane propeller  
which works out his principles.

Business Women  
Elect Officers

Mrs. Bessie Wood Gustason was  
elected president of the Oakland  
Business and Professional Women's  
club following the annual dinner  
last night in the Broadway quarters.  
Associated with her on the board of  
directors for the coming year will  
be: vice-president, Miss Bird Wil-  
son; secretary, Miss Ellen Smith;  
treasurer, Mrs. Margaret E. Gustason;  
auditor, Mrs. A. J. Jensen; direc-  
tors, Mrs. Gladys Barnard, Miss  
Elizabeth Clow, Mrs. Sue L. Fratis.  
Directors whose terms of office are  
unexpired are: Mrs. Sylvia G. Ward,  
Mrs. Lavinia Harris, Miss Dora  
B. Cooley.

Annual reports reviewed a suc-  
cessful year under the leadership  
of Mrs. Gladys Barnard, retiring  
president.

Resolutions protesting the appro-  
priation of the state as set forth  
in the Governor's budget were  
adopted by the club.

Getting Rid of a  
Stubborn Cough is  
Child's Play Now

Make the Medicine Yourself at Home  
It's Cheap—but You Can't Beat It

If you want to take care of that  
bad hang on cough and do it in a  
few hours, better get one ounce of  
Parmit (double strength) and mix  
a half pint at home.

You can do this in two minutes  
by adding a little sugar and enough  
water to fill a half pint glass. It  
will travel the world over be-  
fore you get a medicine that will act  
so surely and quickly on the mucous  
membrane of the nose and throat. It  
halts the inflammation, the tickling  
sensation stops with the first spoon-  
ful, the heavy-breathing goes and  
clean membrane, free from irritation  
and mucus follows.

For Catarrhal conditions such as  
nasus dropping, congested nostrils  
and watery eyes, it won't disap-  
point—ask for Parmit (double  
strength). Speak plainly so that the  
druggist will know exactly what  
you want.
